BELOIT, WI - Regal Beloit Corporation (NYSE: RBC), a global leader in the engineering and manufacturing of power transmission solutions and high-efficiency electric motors and systems, reported first quarter 2021 diluted earnings per share of \$1.60 compared to \$1.12 a year ago, up 43%. First quarter 2021 adjusted diluted earnings per share was a record \$1.98 compared to \$1.31 a year ago, up 51%.

Key financial results for the first quarter 2021 included:

- Total net sales of \$814.1 million increased 10.9% from the prior year. Excluding the positive impacts of 1.8% from foreign currency, sales increased 9.1% on an organic basis.
- Income from operations was \$97.1 million or 11.9% of net sales, up 240 bps versus prior year. Adjusted income from operations rose \$33.9 million or 42.8% from a year ago, to \$113.1 million. Adjusted operating margin of 13.9% a record quarterly result for Regal was up 310 basis points versus the prior year's 10.8%.
- Net cash provided by operating activities was \$49.5 million and capital expenditures totaled \$10.7 million, resulting in free cash flow of \$38.8 million, which is 59.1% of adjusted net income.

### First quarter 2021 segment results versus the prior year first quarter:

- Commercial Systems segment net sales were \$237.0 million, an increase of 18.9%. Foreign currency had a
  positive 2.9% impact. The result was a positive organic sales growth rate of 15.9%, driven by strong growth
  in China and Asia Pacific, gains in the global commercial HVAC business, and continued solid growth in the
  pool pump market. Operating margin was 11.6%. After net adjustments of \$0.2 million, adjusted operating
  margin was 11.7% of adjusted net sales.
- Industrial Systems segment net sales were \$136.4 million, an increase of 5.2%. Foreign currency had a positive 3.7% impact. The result was a positive organic sales growth rate of 1.5%, driven by strength in China, strong demand in India and continued healthy growth in the data center market. Somewhat offsetting these tailwinds were persistent, albeit diminishing, pressures on later cycle N.A. general industrial end

markets, combined with ongoing proactive account pruning. Operating margin was 2.7%. After net adjustments of \$0.4 million, adjusted operating margin was 3.0% of adjusted net sales.

- Climate Solutions segment net sales were \$239.1 million, an increase of 13.8%. Foreign currency had a negative 0.2% impact. The result was a positive organic sales growth rate of 14.0%, driven primarily by continued strong demand in N.A. residential HVAC markets, and recovering demand in EMEA, N.A. general industrial markets and the commercial refrigeration business. Notably, orders in the N.A. HVAC business were up 21% in the first quarter on a daily basis, boosted by re-stocking activity, healthy underlying end market demand and weather. Operating margin was 18.1%. After net adjustments of \$0.3 million, adjusted operating margin was 18.2% of adjusted net sales.
- Power Transmission Solutions segment net sales were \$201.6 million, an increase of 3.3%. Foreign currency had a positive 1.5% impact. The result was a positive organic sales growth rate of 1.8% driven by project wins in the aerospace end market, strength in the conveying business, healthy growth in China and recovering shorter cycle N.A. general industrial end markets. Partially offsetting these tailwinds were project timing in the still-healthy solar market, and continued, though moderating, declines in oil & gas end markets. Operating margin was 11.2%. After net adjustments of \$15.1 million, adjusted operating margin was a record 18.7% of adjusted net sales.

Summarizing Regal's first quarter 2021 performance, CEO Louis Pinkham commented, "Regal delivered a very strong first quarter that solidly beat our internal expectations, with sales growth accelerating into the double digits and adjusted operating margin expanding over 300 basis points versus prior year to a record level, resulting in adjusted earnings per share growth above 50%. Our Regal team is executing at a high level, and all segments are contributing to our strong performance, aided by recovering industrial end markets, particularly in China, continued strong momentum in the HVAC, pool and data center markets, as well as pockets of share gain across the business. We also announced a transformational merger with Rexnord's PMC business, which will allow Regal to deliver unmatched capabilities across the industrial drive train, and remains on track to close in the fourth quarter of 2021."

Mr. Pinkham went on to comment, "We raised our dividend by 10% in April and as I contemplate the remainder of 2021, I am optimistic about our performance, perhaps most notably on the top line, given solid recent order momentum. While we are clearly facing commodity inflation, all of our segments continue to execute outgrowth and margin enhancement initiatives, guided by an 80/20 mindset and, increasingly, by using lean tools to remove waste, overburden and variance from all processes. Finally, recently refining our business purpose — To Create a Better Tomorrow by Energy-Efficiently Converting Power into Motion — with the subtle but meaningful addition of 'Energy' signals our commitment to be more intentional about leveraging Regal's differentiated engineering capabilities to meet growing demand for more energy-efficient products, and do our part to help the environment."

## 2021 Guidance

The Company is providing guidance for the second quarter of 2021, including sales growth rates in the high-20's, GAAP diluted earnings per share in a range of \$1.50 to \$1.70, and adjusted diluted EPS in a range of \$1.85 to \$2.05. The mid-point of the adjusted diluted EPS range implies over 100% growth versus the prior year.

The Company's guidance assumes no material decline in its production capacity, or in its ability to conduct commercial operations, either from COVID-related disruptions, or other factors, including supply chain disruptions, versus levels as of the date of this release.

The Company's guidance does not take into account any costs, expenses or other effects of the transaction with respect to Rexnord's Process & Motion Control (PMC) business.

A reconciliation of the Company's GAAP EPS guidance to its adjusted EPS guidance is included in a table later in this release.

#### **CAUTIONARY STATEMENT**

Certain statements made in this release are "forward-looking statements" intended to qualify for the safe harbor from liability established by the Private Securities Litigation Reform Act of 1995. This release contains forward-looking statements, within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, which reflect the Company's current estimates, expectations and projections about the Company's future results, performance, prospects and opportunities. Such forward-looking statements may include, among other things, statements about the Company's future operations, anticipated business levels, future earnings, planned activities, anticipated growth, market opportunities, strategies, competition and other expectations and estimates for future periods. Forward-looking statements may also include statements relating to the proposed acquisition of Rexnord Corporation's ("Rexnord") Process & Motion Control business (the "PMC Business") (the "Rexnord Transaction"), the benefits and synergies of the Rexnord Transaction, future opportunities for the Company, the PMC Business and the combined company, and any other statements regarding the Rexnord Transaction or the combined company. Forward-looking statements include statements that are not historical facts and can be identified by forward-looking words such as "anticipate," "believe," "could," "estimate," "expect," "intend," "plan," "may," "should," "will," "would," "project," "forecast," and similar expressions. These forward-looking statements are based upon information currently available to the Company and

are subject to a number of risks, uncertainties, and other factors that could cause the performance, prospects, or opportunities to differ materially from those expressed in, or implied by, these forward-looking statements. Important factors that could cause actual results to differ materially from the results referred to in the forward-looking statements the Company makes in this report include:

## Operations and Strategy

- the continued financial and operational impacts of and uncertainties relating to the COVID-19 pandemic on customers and suppliers and the geographies in which they operate;
- uncertainties regarding the ability to execute restructuring plans within expected costs and timing;
- our ability to develop new products based on technological innovation, such as the Internet of Things ("IoT"), and marketplace acceptance of new and existing products, including products related to technology not yet adopted or utilized in certain geographic locations in which we do business;
- fluctuations in commodity prices and raw material costs;
- our dependence on significant customers;
- effects on earnings of any significant impairment of goodwill or intangible assets;
- prolonged declines or disruption in one or more markets we serve, such as heating, ventilation, air conditioning ("HVAC"), refrigeration, power generation, oil and gas, unit material handling or water heating;
- product liability and other litigation, or claims by end users, government agencies or others that our products
  or our customers' applications failed to perform as anticipated, particularly in high volume applications or
  where such failures are alleged to be the cause of property or casualty claims;
- our overall debt levels and our ability to repay principal and interest on our outstanding debt, including debt assumed or incurred in connection with the Rexnord Transaction;
- our dependence on key suppliers and the potential effects of supply disruptions;
- seasonal impact on sales of our products into HVAC systems and other residential applications;

#### Global Footprint

- actions taken by our competitors and our ability to effectively compete in the increasingly competitive global electric motor and controls, power generation and power transmission industries;
- risks associated with global manufacturing, including risks associated with public health crises;
- economic changes in global markets where we do business, such as reduced demand for the products we sell, currency exchange rates, inflation rates, interest rates, recession, government policies, including policy changes affecting taxation, trade, tariffs, immigration, customs, border actions and the like, and other external factors that we cannot control;

## Legal and Regulatory Environment

- unanticipated costs or expenses we may incur related to litigation, including product warranty issues;
- infringement of our intellectual property by third parties, challenges to our intellectual property and claims of infringement by us of third party technologies;
- losses from failures, breaches, attacks or disclosures involving our information technology infrastructure and data;

#### Mergers, Acquisitions and Divestitures

- the possibility that the conditions will not be satisfied or the approvals will not be obtained required to complete
  the Rexnord Transaction, including shareholder or regulatory approvals, and the possibility that the IRS ruling
  sought in connection with the Rexnord Transaction will not be received on the terms requested, or at all;
- changes in the extent and characteristics of the common shareholders of Rexnord and the Company and its
  effect pursuant to the merger agreement for the Rexnord Transaction on the number of shares of Company
  common stock issuable pursuant to the transaction, magnitude of the dividend payable to Company
  shareholders pursuant to the transaction and the extent of indebtedness to be incurred by the Company in
  connection with the transaction;
- failure to successfully integrate the PMC Business and any other future acquisitions into our business or achieve expected synergies and operating efficiencies, due to factors such as the future financial and operating performance of the acquired business, loss of key executives and employees, and operating costs, customer loss and business disruption being greater than expected;
- costs and indemnification obligations related to the Rexnord Transaction;
- unanticipated liabilities of acquired businesses, including the PMC Business;
- operating restrictions related to the Rexnord Transaction;
- · unanticipated adverse effects or liabilities from business exits or divestitures;

#### General

- changes in the method of determining London Interbank Offered Rate ("LIBOR"), or the replacement of LIBOR with an alternative reference rate;
- · cyclical downturns affecting the global market for capital goods;
- and other risks and uncertainties including, but not limited, to those described in "Part I Item 1A Risk Factors" in our Annual Report on Form 10-K filed with the U.S. Securities and Exchange Commission ("SEC") on March 2, 2021 and from time to time in other filed reports.

Shareholders, potential investors, and other readers are urged to consider these factors in evaluating the forward-looking statements and are cautioned not to place undue reliance on such forward-looking statements. The forward-looking statements included in this release are made only as of the date of this release, and the Company undertakes no obligation to update any forward-looking information contained in this release or with respect to the announcements described herein to reflect subsequent events or circumstances. Additional information regarding these and other risks and uncertainties is included in "Part I - Item 1A - Risk Factors" in our Annual Report on Form 10-K filed with the SEC on March 2, 2021 and from time to time in other filed reports, including the Company's Quarterly Reports on Form 10-Q.

#### NON-GAAP MEASURES AND OTHER DEFINITIONS

Unaudited

(Dollars in Millions, Except per Share Data)

We prepare financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP"). We also periodically disclose certain financial measures in our quarterly earnings releases, on investor conference calls, and in investor presentations and similar events that may be considered "non-GAAP" financial measures. This additional information is not meant to be considered in isolation or as a substitute for our results of operations prepared and presented in accordance with GAAP.

In this earnings release, we disclose the following non-GAAP financial measures, and we reconcile these measures in the tables below to the most directly comparable GAAP financial measures: adjusted diluted earnings per share (both historical and projected), adjusted income from operations, adjusted operating margin, adjusted net sales, net debt, adjusted EBITDA, adjusted operating leverage, adjusted net income attributable to Regal Beloit Corporation, free cash flow, free cash flow as a percentage of adjusted net income attributable to Regal Beloit Corporation, adjusted income before taxes, adjusted provision for income taxes, adjusted effective tax rate, net sales from ongoing business, adjusted income from operations of ongoing business, ongoing business adjusted operating margin and adjusted diluted earnings per share for ongoing business. We believe that these non-GAAP financial measures are useful measures for providing investors with additional information regarding our results of operations and for helping investors understand and compare our operating results across accounting periods and compared to our peers. Our management primarily uses adjusted income from operations, adjusted operating income, adjusted operating margin, and adjusted operating leverage to help us manage and evaluate our business and make operating decisions, while adjusted diluted earnings per share, net debt, adjusted EBITDA, adjusted net sales, adjusted net income attributable to Regal Beloit Corporation, free cash flow, free cash flow as a percentage of adjusted net income attributable to Regal Beloit Corporation, adjusted income before taxes, adjusted provision for income taxes, adjusted effective tax rate, net sales from ongoing business, adjusted income from operations of ongoing business, ongoing business adjusted operating margin and adjusted diluted earnings per share for ongoing business are primarily used to help us evaluate our business and forecast our future results. Accordingly, we believe disclosing and reconciling each of these measures helps investors evaluate our business in the same manner as management.

In addition to these non-GAAP measures, we also use the term "organic sales" to refer to GAAP sales from existing operations excluding any sales from acquired businesses recorded prior to the first anniversary of the acquisition ("net sales from business acquired") and excluding any sales from business divested/to be exited ("net sales from business divested/to be exited") recorded prior to the first anniversary of the exit and excluding the impact of foreign currency translation. The impact of foreign currency translation is determined by translating the respective period's organic sales using the currency exchange rates that were in effect during the prior year periods. We use the term "organic sales growth" to refer to the increase in our sales between periods that is attributable to organic sales. For further clarification, we may use the term "acquisition growth" to refer to the increase in our sales between periods that is attributable to acquisition sales.
