Attention: in order reduce the (administrative) burden of double notifications, the AFM will consider a notification based on Section 5:48 Wft by or on behalf of an executive and supervisory directors, provisionally also as notification based on MAR 19. If executive and supervisory directors have a double duty to notify pursuant to Section 5:48 Wft and MAR 19, they only need to make a notification pursuant to Section 5:48 Wft via Loket AFM. Doing this, they have also fulfilled their obligations under Article 19 MAR. This of course only applies to situations where there is an overlap between Section 5:48 Wft and MAR 19. The AFM wants to emphasize that this is a temporary solution, in anticipation of an integrated register where both notifications can be made in one login attempt.

If you are a Director or a Supervisory Board Member, you can disclose your shareholding and the changes in it as regards shares (share options) in your own and affiliated issuers. For the purposes of these disclosures, an issuer is a public limited company (naamloze vennootschap) incorporated under Dutch law whose (depositary receipts for) shares are admitted to trading on a regulated market in the Netherlands or in another EU Member State or an EEA State.

More information can be found in the Information Brochure for Securities-Issuing Institutions, Directors and Members of the Supervisory Board (Voorlichtingsbrochure Effectenuitgevende instellingen, bestuurders en commissarissen), which can be downloaded from the AFM website under 'Wmz 2006'.

If you select an issuer, the relevant capital data and any share position that you may hold will be shown so that you can make changes. If you record a change, the update function will calculate your new share position. Once you send the disclosure, the AFM will process it.
