# Citius Pharmaceuticals to Present at Virtual Fall Investor Summit

**Mino-Lok, Company's lead product, is progressing through Phase 3 trials and to be positioned for market entry into an estimated \$1.5 billion market**

CRANFORD, N.J., Nov. 10, 2020 /PRNewswire/ -- Citius Pharmaceuticals, Inc. ("Citius" or the "Company") (Nasdaq: CTXR), a specialty pharmaceutical company developing and commercializing critical care drug products, today announced that management will present at the Virtual Fall Investor Summit to be held virtually on November 16-18, 2020. Leonard Mazur, Chairman of Citius, will deliver a corporate overview of the Company on Monday, November 16, at 1:00 p.m. Eastern Time. Mr. Mazur will also conduct virtual one-on-one meetings with investors during the conference.

Mr. Mazur will provide updates on Mino-Wrap, a novel approach to reducing post-operative infections associated with surgical implants, and Mino-Lok®, an antibiotic lock treatment for catheter-related bloodstream infections (CRBSIs), being developed in collaboration with M.D. Anderson Cancer Center. Citius recently in-licensed its induced mesenchymal stem cells (*i*MSCs) on a worldwide basis through its majority-owned subsidiary NoveCite, Inc., to potentially treat and reduce the severity of acute respiratory distress syndrome (ARDS) associated with COVID-19.

Recent Company highlights include:

- The signing of an exclusive worldwide license agreement with Novellus Therapeutics, Limited for a cellular therapy to treat acute respiratory distress syndrome (ARDS), a leading complication of COVID-19
- Received positive second interim analysis report from the independent Drug Monitoring Committee (DMC) for the Mino-Lok pivotal Phase 3 trial
- Submission of a pre-investigational new drug (PIND) consultation request for Mino-Wrap with written response and guidance from the FDA expected in November 2020

This press release may contain "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Such statements are made based on our expectations and beliefs concerning future events

impacting Citius. You can identify these statements by the fact that they use words such as "will," "anticipate," "estimate," "expect," "should," and "may" and other words and terms of similar meaning or use of future dates. Forward-looking statements are based on management's current expectations and are subject to risks and uncertainties that could negatively affect our business, operating results, financial condition and stock price. Factors that could cause actual results to differ materially from those currently anticipated are: risks associated with conducting clinical trials and drug development; our dependence on third-party suppliers; our need for substantial additional funds; patent and intellectual property matters; market and other conditions; our ability to attract, integrate, and retain key personnel; the estimated markets for our product candidates and the acceptance thereof by any market; risks related to our growth strategy; risks relating to the results of research and development activities; uncertainties relating to preclinical and clinical testing; the early stage of products under development; our ability to obtain, perform under and maintain financing and strategic agreements and relationships; our ability to identify, acquire, close and integrate product candidates and companies successfully and on a timely basis; government regulation; competition; as well as other risks described in our SEC filings. We expressly disclaim any obligation or undertaking to release publicly any updates or revisions to any forward-looking statements contained herein to reflect any change in our expectations or any changes in events, conditions or circumstances on which any such statement is based, except as required by law.
