

# Chart Industries Joins the United Nations Global Compact

6/10/2024

ATLANTA, June 10, 2024 (GLOBE NEWSWIRE) -- Chart Industries, Inc. (NYSE: GTLS) ("Chart") announced today that it has joined the United Nations (UN) Global Compact, a voluntary leadership platform for the development, implementation, and disclosure of sustainable and socially responsible business practices. The UN Global Compact is a call to companies to align operations and strategies with ten universally accepted principles in the areas of human rights, labor, environment, and anti-corruption, and to take action in support of its UN Sustainable Development Goals.

"We are pleased to join the UN Global Compact alongside other global leaders, demonstrating our unwavering commitment to enabling the energy transition by providing our customers with solutions across the Nexus of Clean™ – clean power, clean water, clean food, and clean industrials – all while improving our own ESG performance," stated Jill Evanko, CEO and President of Chart. "We're looking forward to continuing to make a positive impact on our customers and communities by expanding our network and reach through the UN Global Compact."

Launched in 2000, the UN Global Compact is the largest global corporate sustainability initiative, with more than 20,000 participating companies, including around 16,000 businesses and 4,000 non-business entities. These companies are based in over 160 countries, representing nearly every sector and size.
