

# Chart Industries Recognized as Manufacturing Leadership Awards 2022 Winner

2022-03-31

ATLANTA, March 31, 2022 (GLOBE NEWSWIRE) -- Chart Industries, Inc. (NYSE: GTLS), a leading diversified global manufacturer of highly engineered equipment for the industrial gas and clean energy industries, has been recognized as a winner in the 2022 Manufacturing Leadership Awards for its outstanding achievements covering three separate projects.

Our Tulsa Flex and Teddy Trailer projects both won awards in the Operational Excellence category while Chart China's ISO Capability Expansion project won an award in the Engineering and Production Technology category. In all cases, the winning projects have enabled Chart to improve productivity, increase capacity and expand our overall capabilities to accommodate rapidly rising demand for our products and services.

Chart's Tulsa, Oklahoma Flex Manufacturing project has enhanced our ability to produce identical equipment in multiple locations while at the same time efficiently adding capacity in a strong skilled labor and logistics location. Similarly, Chart's Teddy Trailer project in Theodore, Alabama has dramatically increased productive capacity of liquid hydrogen trailers while also improving production efficiencies.

Details about the awards are available at:

#### About the Manufacturing Leadership Awards

The Manufacturing Leadership Awards honor manufacturing companies and individual manufacturing leaders that are shaping the future of global manufacturing through digital transformation. Winning projects and individual manufacturing leaders have demonstrated achievement in one of a wide range of categories, and are chosen by a panel of expert judges for results that have delivered clear and compelling value, return on investment, and other tangible outcomes. The highest-scoring High Achiever in each project category, 2022 Manufacturers of the Year, and 2022 Manufacturing Leader of the Year will be unveiled at the Manufacturing Leadership Awards Gala on June 29, 2022.

For more information on the Manufacturing Leadership Awards, please go to <https://www.manufacturingleadershipcouncil.com/leadership-awards/>.

#### About the Manufacturing Leadership Council

Founded in 2008 and now a division of the National Association of Manufacturers, the Manufacturing Leadership Council's mission is to help manufacturing companies transition to the digital model of manufacturing by focusing on the technological, organizational, and leadership dimensions of change. With more than 3,300 senior-level members from many of the world's leading manufacturing companies, the MLC focuses on the intersection of advanced digital technologies, growth and improvement opportunities in operations, and changes to leadership and organizational structures as manufacturing enterprises pursue their journey to Manufacturing 4.0.

#### About the National Association of Manufacturers

The National Association of Manufacturers (NAM) is the largest manufacturing association in the United States, representing small and large manufacturers in every industrial sector and in all 50 states. Manufacturing employs more than 12 million men and women, contributes \$2.25 trillion to the U.S. economy annually, has the largest economic impact of any major sector and accounts for more than three-quarters of all private-sector research and development in the nation. The NAM is the powerful voice of the manufacturing community and the leading advocate for a policy agenda that helps manufacturers compete in the global economy and create jobs across the United States.

The NAM's world-class staff of policy experts provide unmatched access and information on the key issues affecting

your business and bottom line. We are on the front lines of a wide range of policy battles, from immigration reform and labor relations, to energy and the environment, to trade policy and taxes. At every turn, we are working on behalf of manufacturers in America to advance policies that help manufacturers do what they do best: create economic strength and jobs.
