

## GATX Corporation Reports 2021 Second-Quarter Results

July 20, 2021

- **Net income for the second quarter 2021 was \$5.5 million or \$0.15 per diluted share**
- **Results include a non-cash, net negative impact of \$39.7 million or \$1.10 per diluted share related to an enacted tax rate increase in the United Kingdom**
- **Company increases 2021 full-year earnings guidance to \$4.30-\$4.50 per diluted share**

CHICAGO, July 20, 2021 (GLOBE NEWSWIRE) -- GATX Corporation (NYSE:GATX) today reported 2021 second-quarter results. Results for the second quarter and six months ended June 30, 2021 are summarized below:

Per Diluted Share	Three Months Ended June 30		Six Months Ended June 30	
	2021	2020	2021	2020
Income from Continuing Operations	\$ 0.15	\$ 1.05	\$ 1.17	\$ 2.38
Income from Discontinued Operations	—	0.06	—	0.04
Total	\$ 0.15	\$ 1.11	\$ 1.17	\$ 2.42

2021 second-quarter net income from continuing operations was \$5.5 million or \$0.15 per diluted share, compared to net income from continuing operations of \$37.0 million or \$1.05 per diluted share in the second quarter of 2020. Net income from continuing operations for the first six months of 2021 was \$42.0 million or \$1.17 per diluted share, compared to \$84.2 million or \$2.38 per diluted share in the prior year period. The 2021 second-quarter and year-to-date results include a net negative impact of \$39.7 million or \$1.10 per diluted share related to an enacted tax rate increase in the United Kingdom and a net negative impact of \$3.4 million or \$0.09 per diluted share attributed to debt extinguishment costs associated with an early redemption. Details related to these items are provided in the attached Supplemental Information under Tax Adjustments and Other Items.

Net income from discontinued operations in the second-quarter and year-to-date periods of 2021 was zero, compared to \$2.3 million or \$0.06 per diluted share in the second quarter of 2020 and \$1.4 million or \$0.04 per diluted share for the first six months of 2020.

"We continued to see improvement in Rail North America's operating environment in the second quarter, as rail carloads increased and industry cars in storage decreased from last quarter and the prior year," said Brian A. Kenney, president and chief executive officer of GATX. "GATX's fleet utilization increased to 98.5% at quarter end and our renewal success rate was 77.5%. Absolute lease rates across the majority of our fleet increased for the fourth quarter in a row, and we continue to operate more efficiently in our maintenance network. We expect these favorable trends to remain for the rest of this year.

"As expected, Rail International performed well, and we are progressing against our goal of growing and diversifying our fleet in Europe. Second-quarter fleet utilization at GATX Rail Europe remained high at 98.4% and renewal lease rates continue to be higher than expiring rates for most car types. Underlying demand for our railcars remains strong in Europe and India. However, fleet growth at Rail India during the quarter was constrained by COVID-19-related manufacturing disruptions. In the Portfolio Management segment, Rolls-Royce and Partners Finance affiliates' operations remain challenged as demand for long-haul passenger flights continues to be hampered by COVID-19 travel restrictions."

Mr. Kenney concluded, "We are encouraged by the continuing recovery in the North American railcar leasing market and our other segments are performing in line with our expectations. Therefore, we are increasing our 2021 full-year earnings estimate to \$4.30 to \$4.50 per diluted share, from our previous guidance of \$4.00 to \$4.30 per diluted share. This guidance excludes any impact from Tax Adjustments and Other Items."

### RAIL NORTH AMERICA

Rail North America reported segment profit of \$77.6 million in the second quarter of 2021, compared to \$50.0 million in the second quarter of 2020. Higher segment profit was primarily a result of higher gains on asset dispositions, reflective of a robust secondary market for railcar sales. Year to date, Rail North America reported segment profit of \$143.3 million, compared to \$122.0 million in the same period of 2020. The increase in year-to-date 2021 results was predominantly driven by higher gains on asset dispositions and lower maintenance expense, partially offset by lower revenue.

At June 30, 2021, Rail North America's wholly owned fleet was comprised of approximately 114,800 cars, including approximately 12,700 boxcars. The following fleet statistics and performance discussion exclude the boxcar fleet.

Fleet utilization was 98.5% at the end of the second quarter, compared to 97.8% at the end of the prior quarter and 98.7% at the end of the second quarter of 2020. During the second quarter, the renewal lease rate change of the GATX Lease Price Index (LPI) was negative 6.7%. This compares to negative 18.1% in the prior quarter and negative 28.0% in the second quarter of 2020. The average lease renewal term for all cars included in the LPI during the second quarter was 29 months, compared to 30 months in the prior quarter and 31 months in the second quarter of 2020. Rail North America's investment volume during the second quarter was \$106.4 million.

Additional fleet statistics, including information on the boxcar fleet, and macroeconomic data related to Rail North America's business are provided on the last page of this press release.

### RAIL INTERNATIONAL

Rail International's segment profit was \$27.3 million in the second quarter of 2021, compared to \$20.0 million in the second quarter of 2020. Year-to-date 2021, Rail International reported segment profit of \$49.1 million, compared to \$33.9 million for the same period of 2020. Results in the

comparative periods were favorably impacted by more railcars on lease and by changes in foreign currency exchange rates.

At June 30, 2021, GATX Rail Europe's (GRE) fleet consisted of approximately 26,700 cars. Utilization was 98.4%, compared to 98.2% at the end of the prior quarter and 98.4% at the end of the second quarter of 2020. Additional fleet statistics for GRE are provided on the last page of this press release.

#### PORTFOLIO MANAGEMENT

Portfolio Management reported segment profit of \$12.2 million in the second quarter of 2021, compared to \$19.3 million in the second quarter of 2020. Segment profit year-to-date 2021 was \$18.3 million, compared to \$38.8 million for the same period of 2020. The decrease in second-quarter and year-to-date segment profit was due to lower share of affiliates' earnings from the Rolls-Royce and Partners Finance affiliates, resulting from lower income from operations and lower remarketing income, partially offset by GATX Engine Leasing earnings.

#### DISCONTINUED OPERATIONS

In the second quarter of 2020, GATX completed the sale of American Steamship Company (ASC). The ASC business segment is accounted for as discontinued operations. Results for discontinued operations are summarized below:

(Income per diluted share)	Three Months Ended June 30		Six Months Ended June 30	
	2021	2020	2021	2020
<b>Discontinued Operations</b>				
Operations, net of taxes	\$ —	\$ (0.04)	\$ —	\$ (0.06)
Gain on sale of ASC, net of taxes	—	0.10	—	0.10
Total Discontinued Operations	\$ —	\$ 0.06	\$ —	\$ 0.04

#### COMPANY DESCRIPTION

GATX Corporation (NYSE: GATX) strives to be recognized as the finest railcar leasing company in the world by our customers, our shareholders, our employees and the communities where we operate. As the leading global railcar lessor, GATX has been providing quality railcars and services to its customers for more than 120 years. GATX has been headquartered in Chicago, Illinois since its founding in 1898.

#### TELECONFERENCE INFORMATION

GATX Corporation will host a teleconference to discuss 2021 second-quarter results. Call details are as follows:

Tuesday, July 20, 2021  
**11 a.m. Eastern Time**  
 Domestic Dial-In: 1-800-367-2403  
 International Dial-In: 1-334-777-6978  
 Replay: 1-888-203-1112 or 1-719-457-0820 /Access Code: 9180679

Call-in details, a copy of this press release and real-time audio access are available at [www.gatx.com](http://www.gatx.com). Please access the call 15 minutes prior to the start time. A replay will be available on the same site starting at 2 p.m. (Eastern Time), July 20, 2021.

#### AVAILABILITY OF INFORMATION ON GATX'S WEBSITE

Investors and others should note that GATX routinely announces material information to investors and the marketplace using SEC filings, press releases, public conference calls, webcasts and the GATX Investor Relations website. While not all of the information that the Company posts to the GATX Investor Relations website is of a material nature, some information could be deemed to be material. Accordingly, the Company encourages investors, the media and others interested in GATX to review the information that it shares on [www.gatx.com](http://www.gatx.com) under the "Investor Relations" tab.

#### FORWARD-LOOKING STATEMENTS

Statements in this Earnings Release not based on historical facts are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 and, accordingly, involve known and unknown risks and uncertainties that are difficult to predict and could cause our actual results, performance, or achievements to differ materially from those discussed. These include statements as to our future expectations, beliefs, plans, strategies, objectives, events, conditions, financial performance, prospects, or future events. In some cases, forward-looking statements can be identified by the use of words such as "may," "could," "expect," "intend," "plan," "seek," "anticipate," "believe," "estimate," "predict," "potential," "outlook," "continue," "likely," "will," "would", and similar words and phrases. Forward-looking statements are necessarily based on estimates and assumptions that, while considered reasonable by us and our management, are inherently uncertain. Accordingly, you should not place undue reliance on forward-looking statements, which speak only as of the date they are made, and are not guarantees of future performance. We do not undertake any obligation to publicly update or revise these forward-looking statements.

The following factors, in addition to those discussed in our other filings with the SEC, including our Form 10-K for the year ended December 31, 2020 and subsequent reports on Form 10-Q, could cause actual results to differ materially from our current expectations expressed in forward-looking statements:

- the duration and effects of the global COVID-19 pandemic, including adverse impacts on our business, personnel, operations, commercial activity, supply chain, the demand for our transportation assets, the value of our assets, our liquidity, and macroeconomic conditions
- exposure to damages, fines, criminal and civil penalties, and reputational harm arising from a negative outcome in litigation, including claims arising from an accident involving our transportation assets
- inability to maintain our transportation assets on lease at satisfactory rates due to oversupply of assets in the market or other changes in supply and demand
- a significant decline in customer demand for our transportation assets
- financial and operational risks associated with long-term purchase commitments for transportation assets
- reduced opportunities to generate asset remarketing income
- inability to successfully consummate and manage ongoing acquisition and divestiture activities
- reliance on Rolls-Royce in connection with our aircraft spare engine leasing businesses, and the risks that certain factors that adversely affect Rolls-Royce could have an adverse effect on those

or services, including as a result of:

- weak macroeconomic conditions
- weak market conditions in our customers' businesses
- adverse changes in the price of, or demand for, commodities
- changes in railroad operations, efficiency, pricing and service offerings, including those related to "precision scheduled railroading"
- changes in supply chains
- availability of pipelines, trucks, and other alternative modes of transportation
- changes in conditions affecting the aviation industry, including reduced demand for air travel, geographic exposure and customer concentrations
- other operational or commercial needs or decisions of our customers
- customers' desire to buy, rather than lease, our transportation assets
- higher costs associated with increased assignments of our transportation assets following non-renewal of leases, customer defaults, and compliance maintenance programs or other maintenance initiatives
- events having an adverse impact on assets, customers, or regions where we have a concentrated investment exposure

businesses

- fluctuations in foreign exchange rates
- failure to successfully negotiate collective bargaining agreements with the unions representing a substantial portion of our employees
- asset impairment charges we may be required to recognize
- deterioration of conditions in the capital markets, reductions in our credit ratings, or increases in our financing costs
- changes in banks' inter-lending rate reporting practices and the phasing out of LIBOR
- competitive factors in our primary markets, including competitors with significantly lower costs of capital
- risks related to our international operations and expansion into new geographic markets, including laws, regulations, tariffs, taxes, treaties or trade barriers affecting our activities in the countries where we do business
- changes in, or failure to comply with, laws, rules, and regulations
- inability to obtain cost-effective insurance
- environmental liabilities and remediation costs
- potential obsolescence of our assets
- inadequate allowances to cover credit losses in our portfolio
- operational, functional and regulatory risks associated with severe weather events, climate change and natural disasters
- inability to maintain and secure our information technology infrastructure from cybersecurity threats and related disruption of our business

(\*) In addition to financial results reported in accordance with GAAP, we compute certain financial measures using non-GAAP components. Specifically, we exclude the effects of certain tax adjustments and other items for purposes of presenting net income, diluted earnings per share, and return on equity because we believe these items are not attributable to our business operations. Management utilizes net income, excluding tax adjustments and other items, when analyzing financial performance because such amounts reflect the underlying operating results that are within management's ability to influence. Accordingly, we believe presenting this information provides investors and other users of our financial statements with meaningful supplemental information for purposes of analyzing year-to-year financial performance on a comparable basis and assessing trends.

Total Net Tons Carried (millions) (7)	—	—	—	—	2.7
---------------------------------------	---	---	---	---	-----

(1) GATX's Lease Price Index (LPI) is an internally-generated business indicator that measures lease rate pricing on renewals for our North American railcar fleet, excluding boxcars. GATX calculates the index using the weighted-average lease rate for a group of railcar types that GATX believes best represents its overall North American fleet, excluding boxcars. The average renewal lease rate change is reported as the percentage change between the average renewal lease rate and the average expiring lease rate, weighted by fleet composition. The average renewal lease term is reported in months and reflects the average renewal lease term of railcar types in the LPI, weighted by fleet composition.

(2) Excludes boxcar fleet.

(3) As reported and revised by the Federal Reserve.

(4) As reported by the Association of American Railroads (AAR).

(5) As reported by the Railway Supply Institute (RSI).

(6) Not available, not published as of the date of this release.

(7) Total net tons carried for the second quarter of 2020 reflects volume through May 14, 2020, the date of the sale.
