SUPPLEMENTAL OPERATING AND FINANCIAL DATA FOR THE QUARTER ENDED MARCH 31, 2019

This supplemental information contains forward-looking statements within the meaning of the federal securities laws. You can identify these statements by our use of the words "assumes," "believes," "expects," "guidance," "intends," "plans," "projects" and similar expressions that do not relate to historical matters. You should exercise caution in interpreting and relying on forward-looking statements because they involve known and unknown risks, uncertainties and other factors which are, in some cases, beyond our control and could materially affect actual results, performance or achievements. These factors include, without limitation, the ability to enter into new leases or renew leases on favorable terms, dependence on tenants' financial condition, the uncertainties of real estate development, acquisition and disposition activity, the ability to effectively integrate acquisitions, the costs and availability of financing, the ability of our joint venture partners to satisfy their obligations, the effects of local, national and international economic and market conditions, the effects of acquisitions, dispositions and possible impairment charges on our operating results, regulatory changes, including changes to tax laws and regulations, and other risks and uncertainties detailed from time to time in our filings with the U.S. Securities and Exchange Commission. We do not undertake a duty to update or revise any forward-looking statement, whether as a result of new information, future events or otherwise.

⁽¹⁾ We are increasing our Estimated Core FFO Guidance for the full year of 2019, which is reconciled above to estimated net income attributable to common stockholders per diluted share is not a projection and is being provided solely to satisfy the disclosure requirements of the U.S. Securities and Exchange Commission. Except as described above, these estimates reflect management's view of current and future market conditions, including assumptions with respect to rental rates, occupancy levels and the earnings impact of the events referenced in our earnings release issued on May 1, 2019 and otherwise referenced during our conference call scheduled for May 2, 2019. These estimates do not include the impact on operating results from possible future property acquisitions or dispositions, capital markets activity or realized and unrealized gains or losses on real estate fund investments. The estimates set forth above may be subject to fluctuations as a result of several factors, including straight-line rent adjustments and the amortization of above and below-market leases. There can be no assurance that our actual results will not differ materially from the estimates set forth above.

⁽²⁾ See page 35 for our definition of this measure.

⁽²⁾ In connection with the acquisition of 111 Sutter Street on February 7, 2019, the joint venture completed a financing of the property. The four-year loan is interest only at LIBOR plus 215 basis points and has three one-year extension options.

⁽³⁾ This section presents ratios as of March 31, 2019 in accordance with the terms of our revolving credit facility, which has been filed with the SEC. We are not presenting these ratios and the related calculations for any other purpose or for any other period, and are not intending for these measures to otherwise provide information to investors about our financial condition or results of operations. Investors should not rely on these measures other than for purposes of testing our compliance with the revolving credit facility.

⁽¹⁾ See page 35 for our definition of this measure.

We use and present various non-GAAP measures in this Supplemental Operating and Financial Data report. The following section contains definitions of these measures, describes our use of them and provides information regarding why we believe they are meaningful. Other real estate companies may use different methodologies for calculating these measures, and accordingly, our presentation of these measures may not be comparable to other real estate companies. These non-GAAP measures should not be considered a substitute for, and should only be considered together with and as a supplement to, financial information presented in accordance with GAAP.

Funds from Operations ("FFO") is a supplemental measure of our performance. FFO is presented in accordance with the definition adopted by the National Association of Real Estate Investment Trusts ("Nareit"). Nareit defines FFO as net income or loss, calculated in accordance with GAAP, adjusted to exclude depreciation and amortization from real estate assets, impairment losses on certain real estate assets and gains or losses from the sale of certain real estate assets or from change in control of certain real estate assets, including our share of such adjustments of unconsolidated joint ventures. FFO is commonly used in the real estate industry to assist investors and analysts in comparing results of real estate companies because it excludes the effect of real estate depreciation and amortization and net gains on sales, which are based on historical costs and implicitly assume that the value of real estate diminishes predictably over time, rather than fluctuating based on existing market conditions. FFO is not intended to be a measure of cash flow or liquidity. FFO attributable to common stockholders represents the Company's share of FFO that is attributable to common stockholders and is calculated by reducing from FFO, the noncontrolling interests' share of FFO in consolidated joint ventures, real estate funds and Operating Partnership.

Core Funds from Operations ("Core FFO") is an alternative measure of our operating performance, which adjusts FFO for certain other items that we believe enhance the comparability of our FFO across periods. Core FFO, when applicable, excludes the impact of certain items, including, transaction related costs, realized and unrealized gains or losses on real estate fund investments, unrealized gains or losses on interest rate swaps, severance costs and gains or losses on early extinguishment of debt, in order to reflect the Core FFO of our real estate portfolio and operations. In future periods, we may also exclude other items from Core FFO that we believe may help investors compare our results. Core FFO is not intended to be a measure of cash flow or liquidity. Core FFO attributable to common stockholders represents the Company's share of Core FFO that is attributable to common stockholders and is calculated by reducing from Core FFO, the noncontrolling interests' share of Core FFO in consolidated joint ventures, real estate funds and Operating Partnership.

Funds Available for Distribution ("FAD") is a supplemental measure of our operating performance and is calculated as Core FFO adjusted for (i) capital expenditures to maintain assets, (ii) tenant improvements and leasing commissions incurred for second generation leases, (iii) straight-line rent adjustments, (iv) amortization of above and below-market leases, (v) amortization of stock-based compensation expense and (vi) amortization of deferred financing costs. FAD is commonly used in the real estate industry along with cash flow from operating activities as a measure of the ability to generate cash from operations and the ability to fund cash needs and make distributions to our stockholders. FAD provides information regarding our operating performance that would not otherwise be available and is useful to investors and analysts in assessing our operating performance. Additionally, although FAD is not intended to be a liquidity measure, as it does not make adjustments for the changes in working capital, we believe that FAD may provide investors and analysts with useful supplemental information regarding our ability to generate cash from operations and our ability to make distributions to our stockholders. Furthermore, we believe that FAD is frequently used by investors and analysts in evaluating our performance as a REIT. FAD attributable to common stockholders represents the Company's share of FAD that is attributable to common stockholders and is calculated by reducing from FAD, the noncontrolling interests' share of FAD in consolidated joint ventures, real estate funds and Operating Partnership.

Earnings Before Interest, Taxes, Depreciation and Amortization for Real Estate ("EBITDAre") is a supplemental measure of our operating performance. EBITDAre is presented in accordance with the definition adopted by Nareit. Nareit defines EBITDAre as GAAP net income (loss) adjusted to exclude interest expense, income taxes, depreciation and amortization expenses, net gains from sales of depreciated real estate assets and impairment losses on depreciable real estate, including our share of such adjustments of unconsolidated joint ventures. EBITDAre provides information regarding our operating performance that would not otherwise be available and may be useful to an investor in assessing our ability to incur and service debt. EBITDAre should not be considered as an indication of our financial performance or a measure of our cash flow or liquidity. We also present PGRE's share of EBITDAre which represents our share of EBITDAre generated by our consolidated and unconsolidated joint ventures, based on our percentage ownership in the underlying assets.

Adjusted EBITDAre is a supplemental measure that is calculated by adjusting EBITDAre to eliminate the impact of the performance of our real estate funds, unrealized gains or losses on interest rate swaps, transaction related costs, gains or losses on early extinguishment of debt and certain other items that may vary from period to period. Adjusted EBITDAre enhances the comparability of EBITDAre across periods. In future periods, we may also exclude other items from Adjusted EBITDAre that we believe may help investors compare our results. We also present PGRE's share of Adjusted EBITDAre, which represents our share of Adjusted EBITDAre generated by our consolidated and unconsolidated joint ventures based on our percentage ownership in the underlying assets.

Net Operating Income ("NOI") is used to measure the operating performance of our properties. NOI consists of rental revenue (which includes property rentals, tenant reimbursements and lease termination income) and certain other property-related revenue less operating expenses (which includes property-related expenses such as cleaning, security, repairs and maintenance, utilities, property administration and real estate taxes). We also present **Cash NOI** which deducts from NOI, straight-line rent adjustments and the amortization of above and below-market leases, including our share of such adjustments of unconsolidated joint ventures. In addition, we present **PGRE's share of NOI and Cash NOI** which represents our share of NOI and Cash NOI of consolidated and unconsolidated joint ventures, based on our percentage ownership in the underlying assets. We use NOI and Cash NOI internally as performance measures and believe they provide useful information to investors regarding our financial condition and results of operations because they reflect only those income and expense items that are incurred at property level.

Same Store NOI is used to measure the operating performance of properties that were owned by us in a similar manner during both the current period and prior reporting periods, and represents Same Store NOI from consolidated and unconsolidated joint ventures based on our percentage ownership in the underlying assets. Same Store NOI also excludes lease termination income, impairment of receivables arising from operating leases and certain other items that may vary from period to period. We also present Same Store Cash NOI, which excludes the effect of non-cash items such as the straight-line rent adjustments and the amortization of above and below-market leases.

PGRE's Share of Total Debt represents our share of debt of consolidated and unconsolidated joint ventures, based on our percentage ownership in the underlying assets. We believe that PGRE's share of total debt provides useful information to investors regarding our financial condition because it includes our share of debt from unconsolidated joint ventures and excludes the noncontrolling interests' share of debt from consolidated joint ventures that is attributable to our partners.

Annualized Rent represents the end of period monthly base rent plus escalations in accordance with the lease terms, multiplied by 12.

Leased % represents percentage of square feet that is leased, including signed leases not yet commenced.

Same Store Leased % represents percentage of square feet that is leased, including signed leases not yet commenced, for properties that were owned by us in a similar manner during both the current period and prior reporting periods.

Occupied % represents the percentage of space for which we have commenced rental revenue in accordance with GAAP.

Initial Rent represents the weighted average cash basis starting rent per square foot and does not include free rent or periodic step-ups in rent.

Prior Escalated Rent represents the weighted average cash basis rent (including reimbursements) per square foot at expiration.

Second Generation Space represents space leased that has been vacant for less than twelve months.

Capital Expenditures consist of expenditures to maintain assets, tenant improvement allowances and leasing commissions. Expenditures to Maintain Assets include capital expenditures to maintain current revenues. Second Generation Tenant Improvements and Leasing Commissions represent tenant improvements and leasing commissions incurred in leasing second generation space. First Generation Leasing Costs and Other Capital Expenditures include capital expenditures completed in the year of acquisition and the following two years that were planned at the time of acquisition, as well as tenant improvements and leasing commissions on space leased that has been vacant for more than twelve months. Development Expenditures consist of hard and soft costs related to the development of a property in getting it ready for its intended use.
