In September 2024, we suspended our regular quarterly dividend. The decision by our board of directors to suspend our regular quarterly dividend aligns with our commitment to fortify our balance sheet and maintain financial flexibility. The timing and frequency of future dividends will be authorized by our board of directors, in its sole discretion, depending on a variety of factors, including our financial performance, our debt service requirements, our capital expenditure requirements, the requirements to maintain our qualification as a REIT and other factors that our board of directors may deem relevant from time to time.

We are providing our Estimated Core FFO Guidance for the full year of 2025, which is reconciled above to estimated net loss attributable to common stockholders per diluted share in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The estimated net loss attributable to common stockholders per diluted share is not a projection and is being provided solely to satisfy the disclosure requirements of the U.S. Securities and Exchange Commission ("SEC"). Except as described above, these estimates reflect management's view of current and future market conditions, including assumptions with respect to rental rates, occupancy levels and the earnings impact of the events referenced in our earnings release issued on February 27, 2025 and otherwise to be referenced during our conference call scheduled for February 28, 2025. These estimates do not include the impact on operating results from possible future property acquisitions or dispositions, or realized and unrealized gains and losses on real estate related fund investments. There can be no assurance that our actual results will not differ materially from the estimates set forth above.

<sup>(2)</sup> See page 54 for our definition of this measure.

<sup>(3)</sup> FAD attributable to common stockholders and FAD payout ratios are not necessarily indicative of future FAD amounts or future FAD payout ratios due to fluctuations in the timing of payments for tenant improvements and leasing commissions versus rents received from leases for which such costs are incurred.

<sup>(4)</sup> In September 2024, we suspended our regular quarterly dividend. The decision by our board of directors to suspend our regular quarterly dividend aligns with our commitment to fortify our balance sheet and maintain financial flexibility. The timing and frequency of future dividends will be authorized by our board of directors, in its sole discretion, depending on a variety of factors, including our financial performance, our debt service requirements, our capital expenditure requirements to maintain our qualification as a REIT and other factors that our board of directors may deem relevant from time to time.

<sup>(2)</sup> Represents 1600 Broadway and Oder-Center, Germany.

<sup>3)</sup> Includes proceeds and cost of sales from the sale of residential condominium units at One Steuart Lane.

<sup>(4)</sup> Includes a \$32,366 non-cash impairment loss related to condominium units, of which RDF's share was \$11,328.

<sup>(5)</sup> See page 54 for our definition of this measure.

The joint venture that owns 55 Second Street recognized an \$87,160 non-cash real estate impairment loss, of which our 44.1% share was \$38,429. Given that our share of the real estate impairment loss together with our share of operating and other losses recognized in the three months ended December 31, 2024 brought the basis of our investment in the joint venture below zero, in accordance with GAAP, we were limited to recognizing \$29,818 of the real estate impairment loss.

<sup>(7)</sup> Represents a non-cash real estate impairment loss related to Oder-Center, Germany.

This property is "out-of-service" for redevelopment.

Represents 1600 Broadway and Oder-Center, Germany.

Includes proceeds and cost of sales from the sale of residential condominium units at One Steuart Lane.

Includes a \$68,407 non-cash impairment loss related to condominium units, of which RDF's share was \$23,942.

See page 54 for our definition of this measure.

The joint venture that owns Market Center recognized a \$341,872 non-cash real estate impairment loss, of which our 67.0% share was \$229,054. Given that our share of the real estate impairment loss together with our share of operating and other losses recognized in the three months ended December 31, 2023 brought the basis of our investment in the joint venture below zero, in accordance with GAAP, we were limited to recognizing \$148,906 of the real estate impairment loss.

<sup>(1)</sup> See page 54 for our definition of this measure.

<sup>(2)</sup> Excludes Market Center and 111 Sutter Street.

<sup>(3)</sup> Includes an \$860 million loan that bears interest at a rate of SOFR plus 277 basis points, where SOFR has been capped at 3.50% through August 2025.

This section presents ratios as of December 31, 2024 in accordance with the terms of our revolving credit facility agreement, which has been filed with the SEC. On January 17, 2025, we entered into a consent agreement with the lenders of our revolving credit facility to permit the disposition of a 45.0% equity interest in 900 Third Avenue. In connection therewith, we reduced the aggregate commitments under the credit facility to \$450 million and modified our credit facility to, among other things, (i) reduce the aggregate unencumbered asset value of all unencumbered eligible properties from \$900 million to \$500 million, (ii) increase the secured leverage ratio as of the last day of any relevant fiscal quarter from 50% to 60%, and (iii) limit borrowings under the credit facility to \$200 million, through June 30, 2025. We are not presenting these ratios and the related calculations for any other purpose or for any other period, and are not intending for these measures to otherwise provide information to investors about our financial condition or results of operations. Investors should not rely on these measures other than for purposes of considering our compliance with the revolving credit facility.

PARAMOUNT GROUP

DEFINITIONS

We use and present various non-GAAP measures in this Supplemental Operating and Financial Data report. The following section contains definitions of these measures, describes our use of them and provides information regarding why we believe they are meaningful. Other real estate companies may use different methodologies for calculating these measures, and accordingly, our presentation of these measures may not be comparable to other real estate companies. These non-GAAP measures should not be considered a substitute for, and should only be considered together with and as a supplement to, financial information presented in accordance with GAAP. In the first quarter of 2024, we updated our presentation of Core FFO attributable to common stockholders, FAD attributable to common stockholders, Adjusted EBITDAre, NOI and Cash NOI to exclude the impact of Market Center and 111 Sutter Street, which we have designated as "non-core" assets. Accordingly, we have recast the presentation for all prior periods presented to reflect this change.

Funds from Operations ("FFO") is a supplemental measure of our performance. FFO is presented in accordance with the definition adopted by the National Association of Real Estate Investment Trusts ("Nareit"). Nareit defines FFO as net income or loss, calculated in accordance with GAAP, adjusted to exclude depreciation and amortization from real estate assets, impairment losses on certain real estate assets and gains or losses from the sale of certain real estate assets or from change in control of certain real estate assets, including our share of such adjustments of unconsolidated joint ventures. FFO is commonly used in the real estate industry to assist investors and analysts in comparing results of real estate companies because it excludes the effect of real estate depreciation and amortization and net gains on sales, which are based on historical costs and implicitly assume that the value of real estate diminishes predictably over time, rather than fluctuating based on existing market conditions. FFO is not intended to be a measure of cash flow or liquidity. We present FFO attributable to common stockholders which represents the Company's share of FFO, net of amounts attributable to noncontrolling interests.

Core Funds from Operations ("Core FFO") is an alternative measure of our operating performance, which adjusts FFO for certain other items that we believe enhance the comparability of our FFO across periods. Core FFO, when applicable, excludes the impact of certain items, including, transaction related costs, realized and unrealized gains or losses on real estate related fund investments, unrealized gains or losses on interest rate swaps, severance costs, gains or losses on early extinguishment of debt and other non-core adjustments, in order to reflect the Core FFO of our real estate portfolio and operations. In future periods, we may also exclude other items from Core FFO that we believe may help investors compare our results. Core FFO is not intended to be a measure of cash flow or liquidity. We present Core FFO attributable to common stockholders which represents the Company's share of Core FFO, net of amounts attributable to noncontrolling interests.

Funds Available for Distribution ("FAD") is a supplemental measure of our operating performance and is calculated as Core FFO adjusted for (i) capital expenditures to maintain assets, (ii) tenant improvements and leasing commissions incurred for second generation leases, (iii) straight-line rent adjustments, (iv) amortization of above and below-market leases, (v) amortization of stock-based compensation expense and (vi) amortization of deferred financing costs. FAD is commonly used in the real estate industry along with cash flow from operating activities as a measure of the ability to generate cash from operations and the ability to fund cash needs and make distributions to our stockholders. FAD provides information regarding our operating performance that would not otherwise be available and is useful to investors and analysts in assessing our operating performance. Additionally, although FAD is not intended to be a liquidity measure, as it does not make adjustments for the changes in working capital, we believe that FAD may provide investors and analysts with useful supplemental information regarding our ability to generate cash from operations and our ability to make distributions to our stockholders. Furthermore, we believe that FAD is frequently used by investors and analysts in evaluating our performance as a REIT. We present FAD attributable to common stockholders which represents the Company's share of FAD, net of amounts attributable to noncontrolling interests. FAD payout ratio is calculated by dividing dividends paid on common stock by FAD attributable to common stockholders.

Earnings Before Interest, Taxes, Depreciation and Amortization for Real Estate ("EBITDAre") is a supplemental measure of our operating performance. EBITDAre is presented in accordance with the definition adopted by Nareit. Nareit defines EBITDAre as GAAP net income (loss) adjusted to exclude interest expense, income taxes, depreciation and amortization expenses, net gains from sales of depreciated real estate assets and impairment losses on depreciable real estate, including our share of such adjustments of unconsolidated joint ventures. EBITDAre provides information regarding our operating performance that would not otherwise be available and may be useful to an investor in assessing our ability to incur and service debt. EBITDAre should not be considered as an indication of our financial performance or a measure of our cash flow or liquidity. We present PGRE's share of EBITDAre which represents our share of EBITDAre generated by our consolidated and unconsolidated joint ventures, based on our percentage ownership in the underlying assets.

Adjusted EBITDAre is a supplemental measure that is calculated by adjusting EBITDAre to eliminate the impact of the performance of our real estate related funds, unrealized gains or losses on interest rate swaps, transaction related costs, gains or losses on early extinguishment of debt and certain other items that may vary from period to period. Adjusted EBITDAre enhances the comparability of EBITDAre across periods. In future periods, we may also exclude other items from Adjusted EBITDAre that we believe may help investors compare our results. We present PGRE's share of Adjusted EBITDAre, which represents our share of Adjusted EBITDAre generated by our consolidated and unconsolidated joint ventures based on our percentage ownership in the underlying assets.

Net Operating Income ("NOI") is used to measure the operating performance of our properties. NOI consists of rental revenue (which includes property rentals, tenant reimbursements and lease termination income) and certain other property-related revenue less operating expenses (which includes property-related expenses such as cleaning, security, repairs and maintenance, utilities, property administration and real estate taxes). We also use Cash NOI which deducts from NOI, straight-line rent adjustments and the amortization of above and below-market leases, including our share of such adjustments of unconsolidated joint ventures. We present PGRE's share of NOI and Cash NOI which represents our share of NOI and Cash NOI of consolidated and unconsolidated joint ventures, based on our percentage ownership in the underlying assets. We use NOI and Cash NOI internally as performance measures and believe they provide useful information to investors regarding our financial condition and results of operations because they reflect only those income and expense items that are incurred at the property level.

Same Store NOI is used to measure the operating performance of properties in our New York and San Francisco portfolios that were owned by us in a similar manner during both the current period and prior reporting periods, and represents Same Store NOI from consolidated and unconsolidated joint ventures based on our percentage ownership in the underlying assets. Same Store NOI also excludes lease termination income, impairment of receivables arising from operating leases and certain other items that may vary from period to period. We present Same Store Cash NOI, which excludes the effect of non-cash items such as the straight-line rent adjustments and the amortization of above and below-market leases.

**PGRE's Share of Total Debt** represents our share of debt of consolidated and unconsolidated joint ventures, based on our percentage ownership in the underlying assets. We believe that PGRE's share of total debt provides useful information to investors regarding our financial condition because it includes our share of debt from unconsolidated joint ventures and excludes the noncontrolling interests' share of debt from consolidated joint ventures that is attributable to our partners.

PGRE's Share of Cash and Cash Equivalents and Restricted Cash represents our share of cash and cash equivalents and restricted cash of consolidated and unconsolidated joint ventures, based on our percentage ownership in the underlying assets.

**PGRE's Share of Net Debt** is calculated by subtracting PGRE's share of cash and cash equivalents and restricted cash from PGRE's Share of Total Debt. **PGRE's share of Net Debt to Annualized Adjusted EBITDAre** is calculated by dividing PGRE's share of Net Debt by PGRE's share of Annualized Adjusted EBITDAre.

Annualized Rent represents the end of period monthly base rent plus escalations in accordance with the lease terms, multiplied by 12.

Leased % represents percentage of square feet that is leased, including signed leases not yet commenced.

Same Store Leased % represents percentage of square feet that is leased, including signed leases not yet commenced, for properties that were owned by us in a similar manner during both the current period and prior reporting periods.

Occupied % represents the percentage of space for which we have commenced rental revenue in accordance with GAAP.

Initial Rent represents the weighted average cash basis starting rent per square foot and does not include free rent or periodic step-ups in rent.

Prior Escalated Rent represents the weighted average cash basis rent (including reimbursements) per square foot at expiration.

**Second Generation Space** represents space leased in the current period (i) that has been vacant for less than twelve months, or (ii) that has been leased ahead of its originally scheduled expiration.

Capital Expenditures consist of expenditures to maintain assets, tenant improvement allowances and leasing commissions. Expenditures to Maintain Assets include capital expenditures to maintain current revenues. Second Generation Tenant Improvements and Leasing Commissions represent tenant improvements and leasing commissions incurred in leasing second generation space. First Generation Leasing Costs and Other Capital Expenditures include capital expenditures completed in the year of acquisition and the following two years that were planned at the time of acquisition, as well as tenant improvements and leasing commissions on space leased that has been vacant for more than twelve months. Redevelopment Expenditures consist of hard and soft costs related to the development of a property in getting it ready for its intended use.
