

Legal disclosure

This presentation contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, which statements involve substantial risks and uncertainties. All statements other than statements of historical fact could be deemed forward looking.

Atlassian undertakes no obligation to update any forward-looking statements made in this presentation to reflect events or circumstances after the date of this presentation or to reflect new information or the occurrence of unanticipated events, except as required by law.

The achievement or success of the matters covered by such forward-looking statements involves known and unknown risks, uncertainties, and assumptions. If any such risks or uncertainties materialize or if any of the assumptions prove incorrect, our results could differ materially from the results expressed or implied by the forward-looking statements we make. You should not rely upon forward-looking statements as predictions of future events. Forward-looking statements represent our management's beliefs and assumptions only as of the date such statements are made.

This presentation includes certain non-IFRS financial measures. These non-IFRS financial measures are in addition to, and not a substitute for or superior to, measures of financial performance prepared in accordance with IFRS.

There are a number of limitations related to the use of these non-IFRS financial measures versus their nearest IFRS equivalents.

For example, other companies may calculate non-IFRS financial measures differently or may use other measures to evaluate their performance, any of which could reduce the usefulness of our non-IFRS financial measures as tools for comparison.

We have provided a reconciliation of these measures to the most directly comparable IFRS measures on an Investor Relations data sheet on our Investor Relations website.

Further information on these and other factors that could affect our financial results is included in filings we make with the Securities and Exchange Commission from time to time, including the section titled "Risk Factors" in our most recent Forms 20-F and 6-K (reporting our quarterly results).

These documents are available on the SEC Filings section of the Investor Relations section of our website at: <https://investors.atlassian.com>.
