Team Anywhere/San Francisco (August 7, 2025) — Atlassian Corporation (NASDAQ: TEAM), a leading provider of team collaboration and productivity software, today announced financial results for its fourth quarter and fiscal year ended June 30, 2025. A shareholder letter was posted on the Investor Relations section of Atlassian's website at https://investors.atlassian.com.

Fourth Quarter and Fiscal Year 2025 Earnings Results

"We closed out FY25 delivering over \$5.2 billion of revenue, generating over \$1.4 billion in free cash flow, and reaching 2.3 million AI monthly active users," said Mike Cannon-Brookes, Atlassian's CEO and co-Founder. "AI is fundamentally changing the way we work, and creating significant tailwinds for Atlassian in the process. With our world-class cloud platform underpinned by the breadth and depth of our Teamwork Graph, and Rovo's AI capabilities at the center, we are uniquely positioned to help every team unleash enterprise knowledge at scale."

"Strong execution by our sales teams and partners delivered a solid close to the fiscal year with Cloud revenue of \$928 million, up 26% year over year in Q4," said Joe Binz, Atlassian's CFO. "Our results this quarter strengthen our conviction in the investments we are making across our strategic priorities of Enterprise Cloud, AI, and the Atlassian System of Work."

President Departure:

Atlassian announced that President Anu Bharadwaj will depart to pursue new opportunities, effective December 31, 2025. Anu joined Atlassian almost 12 years ago, and in her tenure, has held a variety of leadership roles, including Head of Product, Chief Operating Officer, and her current role as President. Anu drove Atlassian's shift from onpremise to cloud, spearheaded its cloud platform strategy, and most recently played a key role in shaping Atlassian's System of Work strategy. Anu's impact will long be felt through the incredible product and platform experiences Atlassian customers enjoy each day.

"Anu is a truly transformational leader, known for leading with a full heart and a hell of a lot of courage. Her impact over more than a decade is immeasurable, and her legacy will live on through the amazing tapestry of talent and incredible leadership team she has fostered," said Mike Cannon-Brookes. "I couldn't be more grateful for what Anu has put into this place, and wish her all the best in her next chapter."

"While it's time for me to tread new ground, I'm incredibly grateful for our customers and team who have made Atlassian my home for many years," said Bharadwaj. "As I look to the future, I'm filled with confidence that Atlassian's exciting trajectory will only continue, as we usher in a new AI-era for teamwork."

Forward-Looking Statements

This press release contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, Section 21E of the Securities Exchange Act of 1934, as amended, and the Private Securities Litigation Reform Act of 1995, which statements involve substantial risks and uncertainties. In some cases, you can identify these statements by forward-looking words such as "may," "will," "expect," "believe," "anticipate," "intend," "could," "should," "estimate," "further," or "continue," and similar expressions or variations, but these words are not the exclusive means for identifying such statements. All statements other than statements of historical fact could be deemed forward looking, including but not limited to risks and uncertainties related to statements about our platform, offerings and capabilities and planned offerings and capabilities, investments, System of Work, Al solutions, customers, company culture, strategic partnerships, strategic priorities, leadership transitions, anticipated growth, outlook and results, and our financial targets such as total revenue, Cloud, Data Center, and Marketplace and other revenue, and GAAP and non-GAAP financial measures including gross margin and operating margin.

We undertake no obligation to update any forward-looking statements made in this press release to reflect events or circumstances after the date of this press release or to reflect new information or the occurrence of unanticipated events, except as required by law.

The achievement or success of the matters covered by such forward-looking statements involves known and unknown risks, uncertainties and assumptions. If any such risks or uncertainties materialize or if any of the assumptions prove incorrect, our results could differ materially from the results expressed or implied by the forward-looking statements we make. You should not rely upon forward-looking statements as predictions of future events. Forward-looking statements represent our management's beliefs and assumptions only as of the date such statements are made. Further information on these and other factors that could affect our financial results is included in filings we make with the Securities and Exchange Commission (the "SEC") from time to time, including the section titled "Risk Factors" in our most recently filed Forms 10-K and 10-Q, as well as those that may be updated in our future filings with the SEC. These documents are available on the SEC Filings section of the Investor Relations section of our website at https://investors.atlassian.com.

About Non-GAAP Financial Measures

In addition to the measures presented in our consolidated financial statements, we regularly review other measures that are not presented in accordance with U.S. generally accepted accounting principles ("GAAP"), defined as non-GAAP financial measures by the SEC, to evaluate our business, measure our performance, identify trends, prepare financial forecasts and make strategic decisions. The key measures we consider are non-GAAP gross profit, non-GAAP gross margin, non-GAAP operating income, non-GAAP operating margin, non-GAAP net income, non-GAAP net income per diluted share and free cash flow (collectively, the "Non-GAAP Financial Measures"). These Non-GAAP Financial Measures, which may be different from similarly titled non-GAAP measures used by other companies, provide supplemental information regarding our operating performance on a non-GAAP basis that excludes certain gains, losses and charges of a non-cash nature or that occur relatively infrequently and/or that management considers to be unrelated to our core operations. Management believes that tracking and presenting these Non-GAAP Financial Measures provides management, our board of directors, investors and the analyst community with the ability to better evaluate matters such as: our ongoing core operations, including comparisons between periods and against other companies in our industry; our ability to generate cash to service our debt and fund our operations; and the underlying business trends that are affecting our performance.

Our Non-GAAP Financial Measures include:

• Non-GAAP gross profit and non-GAAP gross margin. Excludes expenses related to stock-based compensation and amortization of acquired intangible assets.

- Non-GAAP operating income and non-GAAP operating margin. Excludes expenses related to stock-based compensation and amortization of acquired intangible assets.
- Non-GAAP net income and non-GAAP net income per diluted share. Excludes expenses related to stock-based compensation, amortization of acquired intangible assets, gain on a non-cash sale of a controlling interest of a subsidiary and the related income tax adjustments.
- Free cash flow. Free cash flow is defined as net cash provided by operating activities less capital expenditures, which consists of purchases of property and equipment.

We understand that although these Non-GAAP Financial Measures are frequently used by investors and the analyst community in their evaluation of our financial performance, these measures have limitations as analytical tools, and you should not consider them in isolation or as substitutes for analysis of our results as reported under GAAP. We compensate for such limitations by reconciling these Non-GAAP Financial Measures to the most comparable GAAP financial measures. We encourage you to review the tables in this press release titled "Reconciliation of GAAP to Non-GAAP Financial Targets" that present such reconciliations.

Customers with >\$10,000 in Cloud ARR

We define the number of customers with Cloud ARR greater than \$10,000 at the end of any particular period as the number of organizations with unique domains with an active Cloud subscription for two or more seats and greater than \$10,000 in Cloud ARR.

We define Cloud ARR as the annualized recurring revenue run-rate of Cloud subscription agreements at a point in time. We calculate Cloud ARR by taking the Cloud monthly recurring revenue ("Cloud MRR") run-rate and multiplying it by 12. Cloud MRR for each month is calculated by aggregating monthly recurring revenue from committed contractual amounts at a point in time. Cloud ARR and Cloud MRR should be viewed independently of revenue and do not represent our revenue under GAAP, as they are operational metrics that can be affected by contract start and end dates and renewal rates.

⁽¹⁾ We utilize a fixed long-term projected non-GAAP tax rate in our computation of the non-GAAP income tax adjustments in order to provide better consistency across interim reporting periods. In projecting this long-term non-GAAP tax rate, we utilized a three-year financial projection that excludes the direct and indirect income tax effects of the other non-GAAP adjustments reflected above. Additionally, we considered our current operating structure and other factors such as our existing tax positions in various jurisdictions and key legislation in major jurisdictions where we operate. For fiscal years 2025 and 2024, we determined the projected non-GAAP tax rate to be 26% and 27%, respectively. This fixed long-term projected non-GAAP tax rate eliminates the effects of non-recurring and period specific items which can vary in size and frequency. Examples of the non-recurring and period specific items include but are not limited to changes in the valuation allowance related to deferred tax assets, effects resulting from acquisitions, and unusual or infrequently occurring items. We will periodically re-evaluate this long-term rate, as necessary, for significant events. The rate could be subject to change for a variety of reasons, for example, significant changes in the geographic earnings mix or fundamental tax law changes in major jurisdictions where we operate.

⁽²⁾ The effects of these dilutive securities were not included in the GAAP calculation of diluted net loss per share for the three months and fiscal years ended June 30, 2025 and 2024, because the effect would have been anti-dilutive.
