10x Genomics to Present at the 36th Annual J.P. Morgan Healthcare Conference

January 3, 2018

–Company presentation will be delivered on Monday, January 8 at 8:00am PT at the Westin St. Francis in downtown San Francisco, California–

PLEASANTON, CA. —January 3, 2018—10x Genomics, Inc., a company focused on accelerating genomic discovery, announced that Serge Saxonov, Ph.D., co-founder and chief executive officer will present corporate and product updates during the 36th Annual J.P. Morgan Healthcare Conference in San Francisco on Monday, January 8, 2018 at 8:00 a.m. PT.

“We are honored as a private company to have been selected for four consecutive years to present at the J.P. Morgan Healthcare Conference,” said Dr. Saxonov. “2017 has been a year of unprecedented growth for 10x Genomics. This will be a great opportunity to share in more detail how the company is impacting genomic discovery and the trajectory of our business.”

About 10x Genomics

10x Genomics is building tools for scientific discovery that reveal and address the true complexities of biology and disease. Through a combination of novel microfluidics, chemistry and bioinformatics, our award-winning Chromium System is enabling researchers around the world to more fully understand the fundamentals of biology at unprecedented resolution and scale.
