Structure; Classes of Stock

Core & Main is a holding company whose primary material assets are its direct and indirect ownership interest in Core & Main Holdings, LP ("Holdings") and deferred tax assets associated with such ownership. As we have a majority economic interest in Holdings and because we are the general partner of Holdings, we operate and control all of the business and affairs of Holdings and we conduct our business through our subsidiaries, including Core & Main LP, a Florida limited partnership ("Opco").

We have two classes of common stock outstanding: Class A common stock and Class B common stock. The shares of our Class A common stock are traded on the New York Stock Exchange ("NYSE") under the symbol "CNM." Each share of Class A common stock and Class B common stock entitles its holder to one vote on all matters presented to our shareholders at the Annual Meeting. Shares of Class B common stock have no economic rights in Core & Main. Ownership of Class B common stock entitles the holders, subject to the terms of the Exchange Agreement, dated as of July 22, 2021, by and among Core & Main, Holdings and the holders of limited partnership interests of Holdings ("Partnership Interests"), as amended (the "Exchange Agreement"), to exchange their Partnership Interests, together with the retirement of a corresponding number of shares of our Class B common stock, for shares of our Class A common stock, generally on a one-for-one basis or, at the election of a majority of the disinterested members of our Board, for cash from a substantially concurrent public offering or private sale (based on the price of our Class A common stock sold in such public offering or private sale), net of any underwriting discounts and commissions for each Partnership Interest exchanged, subject to customary conversion rate adjustments for stock splits, stock dividends, reclassifications and other similar transactions. The Exchange Agreement also provides that in connection with any such exchange, to the extent that Holdings has, since consummation of our initial public offering of Class A common stock ("IPO"), made distributions to the applicable Continuing Limited Partner (as defined under "Certain Relationships and Related Party Transactions") that are proportionately lesser or greater than the distributions made to us, on a pro rata basis, the number of shares of Class A common stock to be issued or cash to be paid to such Continuing Limited Partner will be adjusted to take into account the amount of such discrepancy that is allocable to the Partnership Interests, and Class B common stock, subject to such exchange.

Company Performance

Fiscal 2025 was a year of disciplined execution for Core & Main. We delivered our 16th consecutive year of sales growth, a result that reflects the resilience of our business, the long-term strength of our end markets and the consistent performance by our teams across the country. Our team navigated a dynamic environment to deliver strong financial performance, including:

- Net sales of over \$7.6 billion;
- Net income of \$462 million;
- Adjusted EBITDA (Non-GAAP) of \$931 million;
- Diluted earnings per share of \$2.31;
- Adjusted Diluted Earnings Per Share (Non-GAAP) of \$2.97;
- Operating cash flow of \$650 million; and
- Deployment of approximately \$155 million to repurchase and retire 3.2 million shares of our Class A common stock;

The consistency of our results is driven by our balanced business mix, the investments we have made to support and execute our growth strategy, and the expertise and dedication of our associates. We've proven that we can drive value for shareholders by executing our strategy to deliver growth through geographic expansion, product line expansion and local share gains, while also improving profitability, generating strong cash flow, and then complementing it all with strategic acquisitions.

In addition to providing results that are determined in accordance with the generally accepted accounting principles of the United States ("GAAP"), we present EBITDA, Adjusted EBITDA and Adjusted Diluted Earnings Per Share ("Adjusted Diluted EPS"), which are non-GAAP financial measures. Additional information regarding EBITDA, Adjusted EBITDA and Adjusted Diluted EPS, including a reconciliation to the most comparable GAAP measure, is included under the heading "Non-GAAP Reconciliation" beginning on **page 53** of this proxy statement and under the heading "Management's Discussion and Analysis of Financial Condition and Results of Operations—Non-GAAP Financial Measures" in our 2025 Form 10-K.

PROPOSALS

Proposal 1 – Director Election

General

The Board is asking you to approve the three nominees recommended by the Board as Class II directors (“Proposal 1”). Our Board has nominated Bhavani Amirthalingam, Orvin T. Kimbrough and Margaret M. Newman to serve on our Board, as Class II directors, each for a term expiring at the 2029 annual meeting of shareholders or until each of their respective successors has been duly elected and qualified, subject to earlier death, resignation, retirement, disqualification or removal. The persons named as proxies will vote to elect Bhavani Amirthalingam, Orvin T. Kimbrough and Margaret M. Newman unless a shareholder indicates that his or her shares should be withheld with respect to any such nominee. For more information concerning each of the director nominees, please see the section entitled “Director Nominees” below.

In the event that any nominee for Class II director becomes unavailable or declines to serve as a director at the time of the Annual Meeting, the persons named as proxies will vote the proxies in their discretion for any nominee who is designated by the current Board to fill the vacancy, or the Board may opt to adjust the size of the Board to remove the vacancy. All nominees are currently serving as directors, and we do not expect that the nominees will be unavailable or will decline to serve.

Director Nominees

Pursuant to the Company’s amended and restated bylaws (the “Bylaws”), to be elected as a director, a nominee must receive the affirmative vote of at least a plurality of the votes cast in respect of the outstanding shares of common stock of the Company present in person, electronically or represented by proxy at the Annual Meeting and entitled to vote in an election of directors. Therefore, the three nominees receiving the highest number of “FOR” votes (among votes properly cast in person, electronically or by proxy) will be elected to serve as a director for the stated term. At this year’s Annual Meeting, a nominee will be elected if he or she receives any “FOR” votes regardless of the number of “WITHHOLD” votes. There is no cumulative voting. Withheld votes and broker non-votes (as described below) are not expected to have an effect on Proposal 1. Proxies cannot be voted for a greater number of persons than the number of nominees named. The nominees are as follows:

NAME	AGE	DIRECTOR SINCE	BOARD COMMITTEES / BOARD ROLES	INDEPENDENT
Bhavani Amirthalingam	50	2022	Audit	✓
Orvin T. Kimbrough	51	2021	Audit; Nominating and Governance	✓
Margaret M. Newman	57	2021	Talent and Compensation	✓

Additional qualifications, experience, and other information about the three director nominees, as well as the current members of the Board who will continue to serve after the Annual Meeting, are provided beginning on **page 12**.

Proposal 2 – Ratification of the Appointment of the Independent Registered Public Accounting Firm

The Board is asking you to ratify its appointment of PricewaterhouseCoopers LLP (“PwC”) to serve as our independent registered public accounting firm for fiscal 2026 (“Proposal 2”). For more information, see “Audit Matters” beginning on **page 47** and “Proposal 2 – Ratification of the Appointment of Independent Registered Public Accounting Firm” on **page 50** of this proxy statement.

Proposal 3 – Advisory Vote to Approve Named Executive Officer Compensation

The Board is asking you to vote to approve the compensation of our NEOs for fiscal 2025, often referred to as a “say-on-pay” advisory vote (“Proposal 3”). The advisory vote on Proposal 3 gives our shareholders the opportunity to express their views on our NEOs’ compensation, as disclosed in this proxy statement pursuant to Section 14A of the Securities Exchange Act of 1934, as amended (“Exchange Act”). While the advisory vote on Proposal 3 is not binding on us, the Talent and Compensation Committee of the Board will take into account the result of the vote when determining future executive compensation arrangements.

As described in detail in “Director and Executive Compensation,” a core objective of our executive compensation is to enable us to attract, to motivate and to retain talent. We believe that our executive compensation is aligned with the Company’s pay-for-performance philosophy and aligns the NEOs’ long-term interests with those of our shareholders. Please read our Compensation Discussion and Analysis beginning on **page 28** for details about our executive compensation programs, including information about fiscal 2025 compensation of our NEOs.

For more information, see “Proposal 3 – Advisory Vote to Approve Named Executive Officer Compensation” on **page 51** of this proxy statement.

2027 Annual Meeting

Pursuant to Rule 14a-8 under the Exchange Act, shareholder proposals submitted for inclusion in the proxy statement for our 2027 annual meeting of shareholders must be received by us by January 7, 2027. For more information, see **page 52** of this proxy statement.

QUESTIONS AND ANSWERS

Why am I receiving these proxy materials?

The accompanying proxy materials have been furnished to you because the Company is soliciting your proxy to vote your shares of common stock of the Company at the Annual Meeting. This proxy statement describes issues on which we would like you to vote at our Annual Meeting. It also gives you information on these issues so that you can make an informed decision.

The “proxy materials” include the Notice of Internet Availability, proxy statement for the Annual Meeting, Annual Report and the proxy card for the Annual Meeting. The Company has made these proxy materials available to you through the internet, or, upon your request, has delivered printed versions of these materials to you by mail, because you owned shares of Company common stock at the close of business on the April 27, 2026 record date (the “Record Date”).

When you vote via the internet, telephone or by signing and returning the proxy card, you appoint each of Jackie M. Burkhardt and Mark R. Witkowski as your representatives at the Annual Meeting, with full power of substitution. They will vote your shares at the Annual Meeting as you have instructed them or, if an issue that is not on the proxy card comes up for vote, in accordance with their best judgment and as permitted by applicable law. This way, your shares will be voted regardless of whether you virtually attend the Annual Meeting. Even if you plan to virtually attend the Annual Meeting, we encourage you to vote in advance via internet or telephone, or if you received your proxy card by mail, by signing and returning your proxy card. If you vote via the internet or telephone, you do not need to return your proxy card.

Why is the Annual Meeting being held virtually?

We believe that a virtual-only Annual Meeting will give more of our shareholders the opportunity to attend and actively participate in the Annual Meeting, while also reducing the cost to the Company.

Why did I receive a one-page notice in the mail regarding the internet availability of proxy materials instead of a full set of proxy materials?

In accordance with SEC rules, the Company has elected to use the internet as the primary means of furnishing proxy materials to shareholders. Accordingly, the Company is sending a Notice of Internet Availability to the Company’s shareholders. All shareholders will have the ability to access the proxy materials on the website referred to in the Notice of Internet Availability or request a printed set of the proxy materials. Instructions on how to access the proxy materials over the internet or how to request a printed copy may be found in the Notice of Internet Availability. In addition, shareholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. The Company encourages shareholders to take advantage of the availability of the proxy materials on the internet to help reduce the environmental impact of its annual meetings and reduce the cost to the Company of physically printing and mailing materials.

Who is entitled to vote?

Holders of Class A common stock and Class B common stock, as of the close of business on the Record Date are entitled to vote at the Annual Meeting, together as a single class. In compliance with Section 1.06 of our Bylaws, beginning on April 27, 2026, a list of shareholders entitled to vote at the Annual Meeting will be available for examination by emailing the Company at InvestorRelations@CoreandMain.com and requesting a time to view such list.

Each share of common stock is entitled to how many votes?

As of the Record Date, there were:

- 188,142,739 shares of Class A common stock outstanding; and
- 6,347,204 shares of Class B common stock outstanding.

Each share of Class A common stock and Class B common stock entitles its holder to one vote on all matters presented to our shareholders at the Annual Meeting. As of the Record Date, holders of Class A common stock held 96.7% of the total outstanding voting power and holders of Class B common stock held 3.3% of the total outstanding voting power.

What is the difference between a shareholder of record and a beneficial owner of shares held in street name?

- *Shareholder of Record.* If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are a shareholder of record.
- *Beneficial Owner of Shares Held in Street Name.* If your shares are held in an account at a brokerage firm, bank, broker-dealer or other similar organization, then you are a beneficial owner of those shares held in street name. The organization holding your account is considered the shareholder of record. As a beneficial owner, you have the right to direct the organization holding your account how to vote the shares you hold in your account.

How do I vote?

The procedures for voting are as follows:

- *Shareholder of Record.* If you are a shareholder of record, you may vote online during the virtual Annual Meeting, vote by proxy using a proxy card, vote by proxy over the telephone or vote by proxy via the internet. Even if you do not plan to attend the Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the Annual Meeting and vote, even if you have already voted by proxy. The vote you cast during the Annual Meeting will supersede any previous votes that you may have submitted.
- *Vote by Internet.* To vote by internet during the Annual Meeting, follow the instructions posted at www.virtualshareholdermeeting.com/CNM2026. Shareholders of record may submit proxies prior to the Annual Meeting over the internet by visiting www.proxyvote.com and following the instructions on the Notice of Internet Availability or, if printed copies of the proxy materials were requested, the instructions on the printed proxy card. Most beneficial owners may vote by accessing the website specified on the voting instruction forms provided by their brokers, trustees, banks or other nominees. Please check your voting instruction form for internet voting availability.
- *Vote by Telephone.* Shareholders of record may submit proxies using any telephone from within the United States by following the instructions on the Notice of Internet Availability or, if printed copies of the proxy materials were requested, the instructions on the printed proxy card. Most beneficial owners may vote using any telephone by calling the number specified on the voting instruction forms provided by their brokers, trustees, banks or other nominees.
- *Vote by Mail.* Shareholders of record may submit proxies by mail by requesting printed proxy cards and completing, signing and dating the printed proxy cards and mailing them in the pre-addressed envelopes that will accompany the printed proxy materials. Beneficial owners may vote by completing, signing and dating the voting instruction forms provided and mailing them in the pre-addressed envelopes accompanying the voting instruction forms. If you are a shareholder of record and you return your signed proxy card but do not indicate your voting preferences, the persons named in the proxy card will vote the shares represented by that proxy as recommended by the Board. If you are a beneficial owner and you return your signed voting instruction form but do not indicate your voting preferences, please see "If I hold shares in street name through a broker, can the broker vote my shares for me?" regarding whether your broker, trustee, bank or other nominee may vote your uninstructed shares.
- *Beneficial Owner.* If you are a beneficial owner of shares registered in the name of your broker, trustee, bank or other nominee, you should have received a notice containing voting instructions from that organization rather than from us. Simply follow the voting instructions in that notice to ensure that your vote is counted. To vote during the Annual Meeting, you must obtain a valid proxy from your broker, trustee, bank or other nominee. Follow the instructions included with these proxy materials, or contact your broker, trustee, bank or other nominee to request a proxy form.

What if I change my mind after I return my proxy?

You may revoke your proxy and change your vote at any time before the polls close at the Annual Meeting. Shareholders of record may do this by:

- delivering written notice by mail, bearing a date later than the proxy, stating that the proxy is revoked, to 1830 Craig Park Court, St. Louis, Missouri 63146, Attn: Secretary;
- submitting a later-dated proxy relating to the same shares by mail, telephone or the internet prior to the vote at the Annual Meeting; or
- virtually attending and voting during the Annual Meeting.

Attendance at the Annual Meeting will not, by itself, revoke a proxy. If you hold shares through a bank, broker, trust or other nominee please refer to your voting instruction form, or other information forwarded by your bank, broker, trustee or other nominee to see how you can revoke your proxy and change your vote.

How many votes do you need to hold the Annual Meeting?

The presence electronically or represented by proxy at the Annual Meeting, of a majority of the voting power of the combined shares of Class A common stock and Class B common stock entitled to vote constitutes a quorum. A quorum must be present to conduct business at the Annual Meeting.

On what items am I voting?

You are being asked to vote on three items: (i) to elect three directors nominated by the Board and named in this proxy statement to serve as Class II directors for a term of three years expiring at the 2029 annual meeting of shareholders; (ii) to ratify the appointment of PwC as our independent registered public accounting firm for fiscal 2026; and (iii) to submit an advisory vote to approve NEO compensation for fiscal 2025.

In addition, shareholders and proxies present at the Annual Meeting will transact any other business as may properly come before the Annual Meeting. The Board is not currently aware of any other business to be conducted at the Annual Meeting. No cumulative voting rights are authorized, and dissenters' rights are not applicable to these matters.

How does the Board recommend that I vote?

The Board recommends that you vote:

- FOR each of the three director nominees;
- FOR ratification of the appointment of PwC as our independent registered public accounting firm for fiscal 2026; and
- FOR approval of NEO compensation for fiscal 2025.

How may I vote in the election of directors, and how many votes must the nominees receive to be elected?

With respect to Proposal 1, you may:

- vote FOR each of the three director nominees;
- vote FOR one or more of the director nominees and WITHHOLD from voting on one or more of the other director nominees; or
- WITHHOLD from voting on all the director nominees.

Our Bylaws provide that a director nominee must receive the affirmative vote of at least a plurality of the votes cast. This means that the three individuals nominated for election to the Board who receive the most "FOR" votes (among votes properly cast electronically or by proxy) will be elected. At this year's Annual Meeting, a nominee will be elected if he or she receives any "FOR" votes regardless of the number of "WITHHOLD" votes.

How may I vote for Proposal 2, and how many votes must this proposal receive to pass?

With respect to Proposal 2, you may:

- vote FOR the ratification of PwC;
- vote AGAINST the ratification of PwC; or
- ABSTAIN from voting on the proposal.

In order to pass, the proposal must receive the affirmative vote of a majority of the voting power of the outstanding shares of common stock of the Company present electronically or represented by proxy at the Annual Meeting and entitled to vote. Abstentions will have the same effect as a vote "AGAINST" Proposal 2. Although discretionary voting is permitted, broker non-votes are not expected to have an effect on Proposal 2 because Proposal 2 is expected to be a "routine" matter for which brokers are permitted to vote shares held by them without instruction by the beneficial owner. Even if the appointment is ratified, the audit committee of the board (the "Audit Committee") may in its discretion select a different firm at any time during the year if it determines that such a change would be in the best interests of the Company and our shareholders.

How may I vote on Proposal 3 to approve, on an advisory basis, the compensation of the NEOs as disclosed in this proxy statement, and how many votes must this proposal receive to pass?

With respect to Proposal 3, you may:

- vote FOR the approval, on an advisory basis, of NEO compensation;
- vote AGAINST the approval, on an advisory basis, of NEO compensation; or
- ABSTAIN from voting on the proposal.

In order to pass, the non-binding advisory Proposal 3 must receive the affirmative vote of a majority of the voting power of the outstanding shares of common stock of the Company present electronically or represented by proxy at the Annual Meeting and entitled to vote. Abstentions will have the same effect as a vote "AGAINST" Proposal 3. Broker non-votes are not expected to have an effect on Proposal 3. As an advisory vote, this proposal is not binding. In light of the foregoing, our Board and Talent and Compensation Committee will consider the outcome of the vote when making future compensation decisions for our NEOs.

Will my shares be voted if I do not vote via the internet, by telephone, by signing and returning my proxy card or by attending and voting online during the Annual Meeting?

If you do not vote via the internet, by telephone, by signing and returning your proxy card or by attending and voting online during the Annual Meeting, then your shares will not be voted and will not count in deciding the matters presented for shareholder consideration at the Annual Meeting.

Under certain circumstances and in accordance with NYSE rules that govern banks and brokers, if your shares are held in street name through a bank or broker, your bank or broker may vote your shares if you do not provide voting instructions before the Annual Meeting. These circumstances include voting your shares on “routine matters,” such as Proposal 2, the ratification of the appointment of our independent registered public accounting firm described in this proxy statement. With respect to Proposal 2, therefore, if you do not vote your shares, your bank or broker may vote your shares on your behalf or leave your shares unvoted.

The remaining proposals are not expected to be considered routine matters under NYSE rules relating to voting by banks and brokers. When a proposal is not a routine matter and the brokerage firm has not received voting instructions from the beneficial owner of the shares with respect to that proposal, the brokerage firm cannot vote the shares on that proposal. This is called a “broker non-vote.” Broker non-votes at the Annual Meeting will be counted for purposes of establishing a quorum, but will have no effect on the outcome of the proposals being voted on at the Annual Meeting.

We encourage you to provide instructions to your bank or brokerage firm by voting your proxy. This action ensures that your shares will be voted at the Annual Meeting in accordance with your wishes.

What is the vote required for each proposal to pass, and what is the effect of abstentions and uninstructed shares on the proposals?

The following table summarizes the Board’s recommendation on each proposal, the vote required for each proposal to pass, and the effect abstentions, broker non-votes or uninstructed shares (proxy card returned, but voting instructions not provided) have on each proposal.

PROPOSAL NUMBER	ITEM	BOARD VOTING RECOMMENDATION	VOTING REQUIRED FOR APPROVAL	ABSTENTIONS/ WITHHELD	EXPECTED IMPACT OF BROKER NON-VOTES
1	Election of Directors	FOR ALL	The three nominees who have received the affirmative vote of at least a plurality of the votes cast in respect of the outstanding shares of common stock of the Company present in person, electronically or represented by proxy at the Annual Meeting and entitled to vote	No effect	No effect
2	Ratification of appointment of independent registered public accounting firm	FOR	Majority of the voting power of the outstanding shares of common stock of the Company present in person, electronically or represented by proxy at the Annual Meeting and entitled to vote	Count as votes against	Discretionary voting permitted
3	Advisory vote on the compensation of our NEOs	FOR	Majority of the voting power of the outstanding shares of common stock of the Company present in person, electronically or represented by proxy at the Annual Meeting and entitled to vote	Count as votes against	No effect

Who is paying for this proxy solicitation?

We are paying the costs of the solicitation of proxies. Members of our Board and officers and employees may solicit proxies by mail, telephone, email or in person. We will not pay directors, officers or employees any extra amounts for soliciting proxies. We will, upon request, reimburse brokerage firms, banks or similar entities representing beneficial owners for their expenses in forwarding proxy materials to their customers who are street name holders and obtaining their voting instructions. We may in our discretion engage at our cost a proxy solicitor to solicit proxies for the Annual Meeting.

I share an address with another shareholder. Why did we receive only one set of proxy materials?

We have adopted a procedure approved by the SEC called “householding,” under which multiple shareholders who share the same address will receive only one copy of the Annual Report, proxy statement or Notice of Internet Availability, as applicable, unless we receive contrary instructions from one or more of the shareholders. We agree to deliver promptly, upon written or oral request, a separate copy of the Notice of Internet Availability or proxy materials, as requested, to any shareholder at the shared address to which a single copy of those documents was delivered. If you wish to opt out of householding and receive multiple copies of the proxy materials at the same address, please contact Broadridge Financial Solutions, Inc. (“Broadridge”) at (866) 540-7095 or in writing at Broadridge, Householding Department, 51 Mercedes Way, Edgewood, NY 11717. Shareholders

sharing an address who are currently receiving multiple copies of the proxy materials may also request delivery of a single copy by contacting Broadridge at the same telephone number or address. You may also request additional copies of the proxy materials by contacting Broadridge at the same telephone number or address. Shareholders with shares registered in the name of a brokerage firm, bank, trust or other nominee may contact their brokerage firm, bank, trust or other nominee to request information about householding.

What do I need to do to virtually attend the Annual Meeting?

You will need to go to www.virtualshareholdermeeting.com/CNM2026 and enter the control number located on your proxy card or follow the instructions that accompanied your proxy materials. We recommend that you log in at least 30 minutes before the meeting starts to ensure that you are logged in when the Annual Meeting begins. Only our shareholders and persons holding proxies from our shareholders may attend the Annual Meeting.

Although it will be a virtual-only meeting, the Company wants the Annual Meeting to provide shareholders with the same rights and opportunities to participate as in an in-person meeting, including the ability to ask questions of the Board and management. To support these efforts, the Company will:

- provide for Annual Meeting attendees to begin logging into the Annual Meeting at 8:30 a.m. Central Time on June 23, 2026, 30 minutes in advance of the meeting;
- permit participating shareholders to submit questions via live webcast during the Annual Meeting on the meeting website. Questions relevant to meeting matters will be answered during the meeting, subject to time constraints and discretion of the Chair of the Board. As stated in the rules of conduct, which are accessible on the meeting website, questions can be submitted in the field provided on the website for the Annual Meeting;
- post responses to questions relevant to meeting matters that are not answered during the Annual Meeting due to time constraints on the Company's Investor Relations website, as soon as practicable after the Annual Meeting;
- provide the ability for participating shareholders of record to vote or revoke their prior vote by following the instructions available on the meeting website during the Annual Meeting. Shares for which a shareholder is the beneficial owner, but not the shareholder of record, also may be voted electronically during the Annual Meeting if the shareholder utilizes the control number located on their proxy card; and
- have technicians ready beginning 30 minutes prior to the Annual Meeting to assist participating shareholders with any technical difficulties they may have accessing the virtual meeting. If participating shareholders encounter any difficulties accessing the virtual meeting during check-in or the meeting, they may call the technical support number that will be posted on the virtual meeting platform login page.

The Company welcomes all of its shareholders to join and participate in the Annual Meeting. Whether you plan to attend, we urge you to vote and submit your proxy in advance of the Annual Meeting by one of the methods described in the proxy materials for the Annual Meeting.

What if the Company encounters technical difficulties during the Annual Meeting?

If we experience technical difficulties during the Annual Meeting (e.g., a temporary or prolonged power outage), our Chair will determine whether the meeting can be promptly reconvened (if the technical difficulty is temporary) or whether the meeting will need to be reconvened on a later day (if the technical difficulty is more prolonged). In any of these situations, we will promptly notify shareholders of the decision via www.virtualshareholdermeeting.com/CNM2026 and <https://ir.coreandmain.com>. If you encounter technical difficulties accessing the Annual Meeting or asking questions during the Annual Meeting, a support line will be available on the login page of the virtual Annual Meeting website.

DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

The following sections provide an overview of our corporate governance structure and processes. Among other topics, we describe how we select directors, how we consider the independence of our directors and key aspects of our Board operations.

Board of Directors

Our business and affairs are managed under the direction of our Board. Our Bylaws provide that our Board shall consist of not fewer than three directors, with the exact number to be fixed by the Board. In connection with the Executive Transition and upon the recommendation of the Nominating and Governance Committee, our Board increased the number of directors from nine to ten and appointed Mark R. Witkowski as a Class I director to fill the resulting vacancy. Effective April 1, 2026, Stephen O. LeClair retired from the Board and the Company, the Board appointed M. Susan Hardwick as a Class III director and the Board appointed James G. Castellano, who previously served as our Lead Independent Director, as Chair of the Board. Our Amended and Restated Certificate of Incorporation (the "Certificate of Incorporation") divides the Board into three classes, as nearly equal in number as possible, with directors each serving staggered three-year terms. At each annual meeting of shareholders, a class of directors will be elected for a three-year term to succeed the class whose term is then expiring. Each director's term continues until the election and qualification of his or her successor, or his or her earlier death, resignation or removal. The authorized number of directors may be changed by resolution of our Board. Vacancies on our Board may be filled by resolution of our Board.

DIRECTOR	AGE	POSITION	DIRECTOR SINCE
Class II Directors with terms expiring at the 2026 Annual Meeting			
Bhavani Amirthalingam	50	Director	2022
Orvin T. Kimbrough	51	Director	2021
Margaret M. Newman	57	Director	2021
Class III Directors with terms expiring at the 2027 Annual Meeting			
Robert M. Buck	57	Director	2022
James G. Castellano	74	Chair of the Board	2021
M. Susan Hardwick	63	Director	2026
Kathleen M. Mazzarella	66	Director	2021
Class I Directors with terms expiring at the 2028 Annual Meeting			
Dennis G. Gipson	72	Director	2021
James D. Hope	66	Director	2024
Mark R. Witkowski	51	Director, Chief Executive Officer	2025

The Board is therefore asking you to elect the three nominees for Class II directors whose current terms expire at the Annual Meeting. See "Proposal 1 - Election of Directors" on **page 49**.

Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors.

Our Board has determined that, with the exception of Mark R. Witkowski, our CEO, all of the members of our Board are "independent" as defined under NYSE and Exchange Act rules and regulations.

The number of members on our Board may be fixed by resolution adopted from time to time by the Board. Any vacancies or newly created directorships may be filled only by the affirmative vote of a majority of directors then in office, even if less than a quorum, or by a sole remaining director. Each director shall hold office until his or her successor has been duly elected and qualified, or until his or her earlier death, resignation or removal.

Set forth below is biographical information as well as background information relating to each director's business experience, qualifications, attributes and skills and why the Board and Nominating and Governance Committee believe each individual is a valuable member of our Board.

Board Leadership Structure

It is the policy of the Board that it may choose in its discretion whether to separate or combine the offices of Chair of the Board and CEO on a case-by-case basis. The Board believes it is important to retain its flexibility to allocate the responsibilities of the offices of the Chair of the Board, CEO and other executive officers in any way that is in the best interests of the Company at a given point in time. Our Corporate Governance Guidelines provide that a lead independent director will be appointed annually by our independent directors while the offices of Chair of the Board and CEO are combined. Prior to Mr. LeClair's retirement as Chair of the Board effective April 1, 2026, Mr. Castellano was appointed Lead Independent Director in 2024 upon the recommendation of the Nominating and Governance Committee due to Mr. LeClair's service as CEO. Following Mr. LeClair's retirement, the Board appointed Mr. Castellano as Chair of the Board and did not appoint a replacement lead independent director as Mr. Castellano is an independent director.

Mr. Castellano brings to the Chair of the Board role, among other attributes, extensive boardroom experience and the ability to facilitate meaningful participation and collaboration across our Board. We believe this leadership structure facilitates the most effective functioning of the Board at this time. We are committed to establishing and maintaining strong corporate governance practices that reflect high standards of ethics and integrity and promote long-term shareholder value.

Board Committees

Our Board maintains an Audit Committee, a Talent and Compensation Committee and a Nominating and Governance Committee. 9 of our 10 Board members are independent, as defined under NYSE and the Exchange Act rules and regulations. For fiscal 2025, all members of our Board serving in fiscal 2025 attended at least 75% of the aggregate of: (1) the total number of meetings of the Board (held during the period for which he or she has been a director) and (2) the number of meetings held by all committees of the Board (during the periods that he or she served on such committees). Each member of our Board is invited and encouraged to attend each meeting. All of our directors then serving attended last year's annual meeting held on June 24, 2025.

Selecting Nominees for Director

Our Board has delegated to the Nominating and Governance Committee the responsibility for reviewing and recommending nominees for director to the Board. In accordance with our Corporate Governance Guidelines, and on recommendation of the Nominating and Governance Committee, our Board may from time to time adopt criteria for the selection of new directors based on the strategic needs of the Company and the Board. The Nominating and Governance Committee will periodically review the criteria adopted by the Board and, if deemed desirable, recommend changes to the criteria. The Nominating and Governance Committee identifies and recommends to the Board candidates the Nominating and Governance Committee believes are qualified and suitable to become members of the Board consistent with the criteria for selection of new directors adopted from time to time by the Board.

Individuals are considered for nomination to the Board based on their integrity and character, business and professional experience, judgment, oversight roles held, skills and background. The Board also considers the candidate's availability, absence of conflicts and any applicable independence or experience requirements. The Nominating and Governance Committee considers diversity in identifying nominees for director, including personal characteristics such as race and gender, as well as diversity in experience and skills relevant to the Board's performance of its responsibilities in the oversight of the business. For each of the nominees to the Board, the biographies shown above highlight the experiences and qualifications that were among

the most important to the Nominating and Governance Committee in concluding that the nominee should serve as a director of the Company.

The Nominating and Governance Committee will consider director candidates proposed by shareholders on the same basis as recommendations from other sources. Our Bylaws set forth the requirements for director nomination by a shareholder of persons for election to the Board. These requirements, as well as those required by applicable law, are described under “Other Information for Shareholders” on **page 52** of this proxy statement. Any shareholder who wishes to recommend a prospective candidate for the Board for consideration by the Nominating and Governance Committee may do so by submitting the name and qualifications of the prospective candidate in writing to the following address: Jackie M. Burkhardt, General Counsel, Chief Compliance Officer and Secretary, Core & Main, Inc., 1830 Craig Park Court, St. Louis, Missouri 63146. Any such submission should also describe the experience, qualifications, attributes and skills that make the prospective candidate a suitable nominee for the Board.

Board Skills

The following table sets forth certain key skills that our directors bring to the Board.

DIRECTOR SKILLS

Executive Sessions of Our Independent Directors

Our independent directors meet quarterly (i) at scheduled executive sessions without management and (ii) with the CEO without other executive officers being present. Our Chair or another independent director selected during the executive session acts as chair at such meetings.

Board’s Role in Risk Oversight

Our Board has overall responsibility for overseeing our risk management. Under its charter, the Audit Committee is responsible for reviewing and discussing the Company’s risk management practices, including the effectiveness of the systems and policies for risk assessment and risk management, discussion of the Company’s major financial and operational risk exposures and the steps management has taken to monitor and control such exposures. The Board also evaluates and manages risk through operation of its committees in relation to their respective areas of responsibility. For example, the Talent and Compensation Committee oversees the potential risks associated with our compensation policies and practices. The Audit Committee oversees our procedures governing related person transactions and the internal audit function as well as holding primary responsibility for overseeing our cybersecurity program. The Company’s chief information security officer regularly reports to the Audit Committee on the current state of our cybersecurity program (including but not limited to, the current threat landscape, cybersecurity risks, and as needed, any significant incidents). The Audit Committee may provide updates to the Board on the substance of these reports and any recommendations for improvements to our cybersecurity program that the Audit Committee deems appropriate. In addition to the committees’ work in overseeing risk management, our full Board regularly engages in discussions of the most significant risks that the Company is facing and how these risks are being managed.

The Company’s heads of internal audit and cybersecurity teams each have regularly scheduled sessions with the Audit Committee without other members of management present. The Board believes that the work undertaken by the committees of the Board, together with the work of the full Board and our CEO, enables the Board to oversee effectively the Company’s risk management function.

Corporate Governance Guidelines, Committee Charters and Codes of Conduct and Financial Ethics

Our Corporate Governance Guidelines are available without charge on the Governance section of our investor relations website at <https://ir.coreandmain.com/governance>. The charters for each of the Audit, Talent and Compensation and Nominating and Governance Committees are also available without charge on our investor relations website.

We have a long-standing commitment to conduct our business in accordance with the highest ethical principles. Our Code of Conduct is applicable to all the representatives of our Company, including our executive officers, associates and employees of our Company and our subsidiary companies, as well as to our directors. A copy of our Code of Conduct is available on the Governance section of our investor relations website. We intend to timely disclose on our investor relations website any amendments to, or waivers from, the Code of Conduct that are required to be publicly disclosed. Under our Code of Conduct, our associates are encouraged to talk to supervisors, managers or other appropriate personnel when in doubt about the best course of action in a particular situation. Any violation of our Code of Conduct will be subject to appropriate discipline, up to and including dismissal from the Company or prosecution under the law.

Our Code of Financial Ethics for our senior financial officers is also available on the Governance section of our investor relations website and applies to our CEO, CFO, Chief Accounting Officer and any other senior corporate officers with financial, accounting and reporting responsibilities. Under this Code of Financial Ethics, our senior financial officers are required, among other things, to (i) dedicate their best efforts to advancing the Company's interests using unbiased and objective standards when making business decisions, (ii) conduct the Company's business in an ethical and honest manner, including the ethical handling of actual or apparent conflicts of interest and (iii) make disclosures that are full, fair, accurate, timely and understandable in all material respects when filing reports or submitting documents to the SEC, and in all other public communications.

Communicating with Our Board

Shareholders and other interested parties can communicate with the Board as a whole, the independent directors or any individual director of the Board or any Committee. All such communications should be submitted by email at Directors@coreandmain.com or by mail at: Core & Main, Inc., 1830 Craig Park Court, St. Louis, Missouri 63146, Attention: Secretary.

As an initial matter, the Secretary will determine whether the communication is a proper communication for the Board. The Secretary will not forward to the Board, any Committee or any director communications of a personal nature or those not related to the duties and responsibilities of the Board, including, without limitation, junk mail, mass mailings, business solicitations, routine customer service complaints, political campaign or election materials, new product or service suggestions, opinion survey polls or any other communications deemed by the Secretary to be immaterial to the Company.

Stock Ownership Guidelines

We have stock ownership guidelines to further our belief that our directors, CEO and certain other executive officers should maintain a material personal financial stake in the Company to promote a long-term perspective in managing the Company and to align shareholder and executive interests. All covered persons other than Ms. Burkhardt (who became subject to the guidelines on April 1, 2026), Ms. Hardwick (who was appointed to the Board effective April 1, 2026), Ms. Harper (who became subject to the guidelines in September 2025), Mr. Hope (who was appointed to the Board effective May 1, 2024), and Mr. Huebert (who became subject to the guidelines in July 2024), are subject to this policy and currently satisfy the stock ownership guidelines. Each of Ms. Burkhardt, Ms. Hardwick, Ms. Harper, Mr. Hope and Mr. Huebert are within the grace period allowed by the stock ownership guidelines.

Each covered person is required to maintain a minimum equity stake in the Company, determined as a multiple of the covered person's base salary or annual cash retainer, as applicable, and converted to a fixed number of shares of common stock. Each of the non-employee members of the Board must maintain stock ownership equal to five times his or her annual cash retainer. The Company's CEO must maintain stock ownership equal to six times his or her base salary. Each other Section 16 officer must maintain stock ownership equal to three times his or her base salary.

Until the minimum stock ownership level is achieved, the covered person is required to retain an amount of shares equal to 50% of the net shares received as a result of the exercise of Company stock options or the vesting of any restricted stock, restricted stock units or other share-based compensation that is granted on or after the IPO. It is expected that each covered person shall attain the applicable share ownership level no later than five years after first becoming subject to it. For the purpose of determining ownership levels, common units of Management Feeder granted under the Pre-IPO Plan that can be indirectly exchanged for shares of the Company's Class A common stock are treated as shares held directly.

Policy on Recovering Incentive Compensation

We have a Dodd-Frank Clawback Policy which covers our current and former executive officers, including our NEOs. Under this policy, if we are required to prepare an accounting restatement due to material noncompliance with any financial reporting requirement under securities laws, the Company will recoup the amount of incentive compensation paid to our current or former executive officers in excess of what would have been paid if the amounts had been determined based on the restated financial reporting measures. For purposes of the policy, "incentive compensation" includes all cash bonuses and equity compensation based wholly or in part upon the attainment of a financial reporting measure. The Dodd-Frank Clawback Policy is filed as Exhibit 97.1 to our 2025 Form 10-K.

In addition, we have an Amended and Restated Clawback and Forfeiture Policy, covering current and former employees who are not covered by our Dodd-Frank Clawback Policy. The Amended and Restated Clawback and Forfeiture Policy allows the Company to recoup excess incentive compensation paid to these individuals under the same circumstances as our Dodd-Frank Clawback Policy described above.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Policies and Procedures for Related Person Transactions

Our Board has adopted policies and procedures with respect to the review and approval of certain transactions between us and a Related Person (as defined below) or a Related Person Transaction (as defined below) (the “Related Person Transaction Policy”). Pursuant to the terms of the Related Person Transaction Policy, any Related Person Transaction is required to be reported to our legal department, which will then determine whether it should be submitted to our Audit Committee for consideration. The Audit Committee must then review and decide whether to approve any Related Person Transaction.

For the purposes of the Related Person Transaction Policy, a “Related Person Transaction” means a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we (including any of our subsidiaries) were, are or will be a participant and in which any Related Person had, has or will have a direct or indirect interest. “Related Person” means: (i) any person who is, or at any time since the beginning of fiscal 2025 was, a director or executive officer of Core & Main or a nominee to become a director of Core & Main; (ii) any person who is the beneficial owner of more than 5% of any class of our common stock; any immediate family member of any of the foregoing persons, including any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the director, executive officer, nominee or more than 5% beneficial owner; (iii) any person who is sharing the household of such director, executive officer, nominee or more than 5% beneficial owner (other than a tenant or employee); and (iv) any firm, corporation or other entity in which any of the foregoing persons is a general partner or, for other ownership interests, a limited partner or other owner in which such person has a beneficial ownership interest of 10% or more. For purposes of defining a Related Person, “spouse” includes an individual married to a person of the same sex if the couple is lawfully married under the relevant state’s law, regardless of the individual’s domicile.

As used herein, unless otherwise noted or the context requires otherwise:

- “Amended and Restated Limited Partnership Agreement” means the Second Amended and Restated Agreement of Limited Partnership of Holdings, as amended;
- “Continuing Limited Partners” means CD&R Waterworks Holdings, L.P. (or a wholly owned subsidiary) and Management Feeder, the limited partners of Holdings that following the IPO were entitled to exchange their Partnership Interests for shares of our Class A common stock as described in “—Amended and Restated Limited Partnership Agreement of Holdings” and “—Exchange Agreement.”; and
- “Former Limited Partners” means Fund X Advisor, Fund X Waterworks B1, and Fund X-A Waterworks B.

The following is a description of Related Person Transactions since the beginning of fiscal 2025.

Exchange Agreement

We are party to an Exchange Agreement with the Continuing Limited Partners, under which the Continuing Limited Partners (or their permitted transferees) have the right, subject to the terms of the Exchange Agreement, to exchange their Partnership Interests, together with the retirement of a corresponding number of shares of our Class B common stock, for shares of our Class A common stock generally on a one-for-one basis or for cash in limited circumstances as specified in the Exchange Agreement. Management Feeder is the only entity that can make exchanges under the Exchange Agreement. Holders of Partnership Interests will not have the right to exchange Partnership Interests if we determine that such exchange would be prohibited by law or regulation or would violate other agreements with us or our subsidiaries to which the holder of Partnership Interests may be subject. We may also refuse to honor any request to effect an exchange if we determine such exchange would pose a material risk that Holdings would be treated as a “publicly traded partnership” for U.S. federal income tax purposes. Notwithstanding the foregoing, Management Feeder is generally permitted to exchange Partnership Interests, subject to the terms of the Exchange Agreement.

The Exchange Agreement also provides that, in connection with any such exchange, to the extent that Holdings has, since consummation of the IPO, made distributions to the applicable Management Feeder that are proportionately lesser or greater than the distributions made to the other partners, on a pro rata basis, the number of shares of Class A common stock to be issued or cash to be paid to such Management Feeder will be adjusted to take into account the amount of such discrepancy that is allocable to the Partnership Interests, and Class B common stock, subject to such exchange. We expect to cause Holdings to make distributions to its partners in such a manner as generally to limit increases to the number of shares of Class A common stock to be issued or cash to be paid to exchanging holders of equity interests in Management Feeder in connection with the adjustment described in the preceding sentence.

In accordance with the terms of the Amended and Restated Limited Partnership Agreement of Holdings, Core & Main, as the general partner of Holdings, has the right to require the mandatory exchange of the remaining Partnership Interests held by Management Feeder for shares of Class A common stock in accordance with the Exchange Agreement. A mandatory exchange

of Partnership Interests constitutes a taxable transaction to members of Management Feeder, creates tax attributes for Core & Main and establishes obligations under our Tax Receivable Agreements. The timing and authorization of a potential future mandatory exchange are at the discretion of the Board of Directors of Core & Main.

Tax Receivable Agreements

We are a party to tax receivable agreements with the Former Limited Partners (the “Former Limited Partners Tax Receivable Agreement”) and the Continuing Limited Partners (the “Continuing Limited Partners Tax Receivable Agreement”) (collectively, the “Tax Receivable Agreements”). Under these agreements, we expect to generate tax attributes that will reduce amounts that we would otherwise pay in the future to various tax authorities.

The Former Limited Partners Tax Receivable Agreement provides for the payment by us to certain Former Limited Partners, or their permitted transferees, of 85% of the tax benefits, if any, that we actually realize, or in some circumstances are deemed to realize, as a result of (i) certain tax attributes of the Partnership Interests we hold in respect of such Former Limited Partners’ interest in us, including such attributes that resulted from such Former Limited Partners’ prior acquisition of ownership interests in Holdings and our allocable share of existing tax basis acquired in connection with the IPO attributable to the Former Limited Partners and (ii) certain other tax benefits.

The Continuing Limited Partners Tax Receivable Agreement provides for the payment by us to the Continuing Limited Partners, or their permitted transferees, of 85% of the benefits, if any, that we realize, or in some circumstances are deemed to realize, as a result of (i) increases in tax basis or other similar tax benefits as a result of exchanges of Partnership Interests for cash or shares of Class A common stock pursuant to the Exchange Agreement, (ii) our allocable share of existing tax basis acquired in connection with the IPO attributable to the Continuing Limited Partners and in connection with exchanges of Partnership Interests for cash or shares of Class A common stock pursuant to the Exchange Agreement and (iii) our utilization of certain other tax benefits related to our entry into the Continuing Limited Partners Tax Receivable Agreement, including tax benefits attributable to payments under the Continuing Limited Partners Tax Receivable Agreement. We expect to obtain an increase in the share of the tax basis in the net assets of Holdings as Partnership Interests are exchanged by Continuing Limited Partners. We intend to treat any exchanges of Partnership Interests as direct purchases of Partnership Interests for U.S. federal income tax purposes. These increases in tax basis may reduce the amounts that we would otherwise pay in the future to various tax authorities.

Except to the extent that any benefits are deemed realized, we will receive the full benefit in tax savings from relevant taxing authorities and provide payment of 85% of the amount of any tax benefits to the Former Limited Partners or the Continuing Limited Partners, as applicable, or their permitted transferees. We expect to benefit from the remaining 15% of any cash tax savings of realized tax savings. For the Tax Receivable Agreements, we will assess the tax attributes to determine if it is more likely than not that the benefit of any deferred tax assets will be realized. Following that assessment, we will recognize a liability under the applicable Tax Receivable Agreements, reflecting approximately 85% of the expected future realization of such tax benefits. Amounts payable under the Tax Receivable Agreements are contingent upon, among other things, (i) generation of sufficient future taxable income during the term of the applicable Tax Receivable Agreements and (ii) future changes in tax laws.

Amended and Restated Limited Partnership Agreement of Holdings

Core & Main holds Partnership Interests in Holdings and is the general partner of Holdings. Accordingly, we operate and control all of the business and affairs of Holdings and, through Holdings and its operating subsidiaries, conduct our business. Pursuant to the terms of the Amended and Restated Limited Partnership Agreement, we cannot, under any circumstances, be removed as the general partner of Holdings except by our election.

Pursuant to the Amended and Restated Limited Partnership Agreement, as general partner, Core & Main has the right to determine when distributions, other than tax distributions and distributions to fund payments under the Tax Receivable Agreements, will be made by Holdings to holders of Partnership Interests and the amount of any such distributions. If a distribution (other than a tax distribution, a distribution to allow us to fund our payments under the Tax Receivable Agreements or a distribution to effect certain repurchases of outstanding shares of Class A common stock of Core & Main) is authorized, generally, such distribution will be made to the holder of Partnership Interests (which will initially only be the Continuing Limited Partners and Core & Main) pro rata in accordance with the percentages of their respective Partnership Interests.

The holders of Partnership Interests, including Core & Main, will incur U.S. federal, state and local income tax obligations on their allocable share (determined under relevant tax rules) of any taxable income of Holdings.

The Amended and Restated Limited Partnership Agreement provides that Holdings, to the extent permitted by our agreements governing our indebtedness, will make cash distributions, which we refer to as “tax distributions,” to the holders of Partnership Interests. Generally, these tax distributions will be computed based on the net taxable income of Holdings allocable to the holders of Partnership Interests, multiplied by an assumed, combined tax rate equal to the maximum rate applicable (including

any Medicare Contribution tax on net investment income) to an individual or corporation resident in New York, New York (taking into account, among other things, the deductibility of certain expenses). The Amended and Restated Limited Partnership Agreement also prohibits Holdings and its subsidiaries from incurring new indebtedness or refinancing existing indebtedness without the consent of the Continuing Limited Partners or in a manner that would impose additional restrictions on Holdings' ability to make tax distributions to the holders of Partnership Interests that are materially more onerous than those existing at the time that the limited partnership agreement of Holdings is amended and restated. In addition, Holdings may make other distributions periodically to the extent permitted by our agreements governing our indebtedness and necessary to enable us to cover our operating expenses and other obligations, including our payment obligations under the Tax Receivable Agreements, as well as to make dividend payments, if any, to the holders of our Class A common stock.

Core & Main is not entitled to compensation for services as general partner of Holdings. However, Core & Main is entitled to reimbursement by Holdings for fees and expenses incurred on behalf of Holdings, including all expenses associated with maintaining our corporate existence.

The Certificate of Incorporation and the Amended and Restated Limited Partnership Agreement require that (i) we at all times maintain a ratio of one Partnership Interest owned by us for each share of Class A common stock issued by us (subject to certain exceptions for treasury shares and shares underlying certain convertible or exchangeable securities), and (ii) Holdings at all times maintains (x) a one-to-one ratio between the number of shares of Class A common stock issued by us and the number of Partnership Interests owned by us, and (y) a one-to-one ratio between the number of shares of Class B common stock owned by Management Feeder (or its permitted assignees) and the number of Partnership Interests owned by Management Feeder (or their permitted assignees). This construct is intended to result in Management Feeder having voting interests in Core & Main that are identical to Management Feeder's percentage economic interests in Holdings. Shares of Class B common stock are not transferable except for (a) transfers to us for no consideration, upon which such shares of Class B common stock will be automatically retired, or (b) the transfer of an identical number of Partnership Interests made to the permitted transferee of such Partnership Interests made in compliance with the Amended and Restated Limited Partnership Agreement.

Indemnification Agreements

We are a party to indemnification agreements with our directors and certain employees. The indemnification agreements provide the directors and applicable employees with contractual rights to indemnification and expense advancement in certain instances.

SECURITIES OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following tables set forth information relating to the beneficial ownership of our Class A common stock and Class B common stock as of April 27, 2026, except as otherwise indicated, by:

- each of our directors, director nominees and NEOs;
- each person, or group of affiliated persons, known by us to beneficially own more than 5% of our outstanding shares of Class A common stock or Class B common stock; and
- all of our directors and executive officers as a group.

As described in “Certain Relationships and Related Party Transactions,” pursuant to the terms of the Exchange Agreement, each holder of Partnership Interests is entitled to have their Partnership Interests, together with the retirement of a corresponding number of shares of Class B common stock, exchanged for an equal number of shares of Class A common stock of the Company generally on a one-for-one basis or for cash in limited circumstances specified in the Exchange Agreement. The Exchange Agreement also provides that, in connection with any such exchange, to the extent that Holdings has, since consummation of the IPO, made distributions to the applicable Continuing Limited Partner that are proportionately lesser or greater than the distributions made to Core & Main, on a pro rata basis, the number of shares of Class A common stock to be issued or cash to be paid to such Continuing Limited Partner will be adjusted to take into account the amount of such discrepancy that is allocable to the Partnership Interests, and Class B common stock, subject to such exchange.

The number of shares beneficially owned by each entity, person, director or executive officer is determined in accordance with SEC rules, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under these rules, beneficial ownership includes any shares over which the individual has sole or shared voting power or investment power, as well as any shares that the individual has the right to acquire within 60 days of April 27, 2026 through the exercise of any stock option, warrants or other rights. Except as otherwise indicated, and subject to applicable community property laws, we believe, based on information furnished to us, that the persons named in the table have sole voting and investment power with respect to all shares of common stock held by that person.

Applicable percentage ownership is based on 188,142,739 shares of our Class A common stock and 6,347,204 shares of Class B common stock outstanding as of April 27, 2026. In computing the number of shares beneficially owned by an individual or entity and the percentage ownership of that person, shares of common stock subject to options, or other rights held by such person that are currently exercisable or will become exercisable by June 26, 2026 (i.e. within 60 days of April 27, 2026), are considered outstanding, although these shares are not considered outstanding for purposes of computing the percentage ownership of any other person. Unless otherwise indicated below, the address for each beneficial owner listed is c/o 1830 Craig Park Court, St. Louis, Missouri, 63146.

(a) Our Class A common stock entitles holders thereof to one vote per share.

(b) Subject to the terms of the Exchange Agreement, each Partnership Interest, together with a corresponding number of shares of Class B common stock, is exchangeable for shares of Class A common stock generally on a one-for-one basis or, at the election of a majority of the disinterested members of our Board, for cash from a substantially concurrent public offering or private sale (based on the price of our Class A common stock sold in such public offering or private sale), net of any underwriting discounts and commissions, for each Partnership Interest exchanged, subject to customary conversion rate adjustments for stock splits, stock dividends, reclassifications and other similar transactions. Additional shares of Class A common stock or an equivalent cash payment, if a majority of the disinterested members of our Board elects to exchange shares of Class A common stock for cash pursuant to the preceding sentence, may be issued upon any such exchange pursuant to the terms of the Exchange Agreement on account of a shortfall relating to tax distributions or payments to fund payments under the Tax Receivable Agreements. The Exchange Agreement also provides that in connection with any such exchange, to the extent that Holdings has, since consummation of the IPO, made distributions to the applicable Continuing Limited Partner that are proportionately lesser or greater than the distributions made to us, on a pro rata basis, the number of shares of Class A common stock to be issued or cash to be paid to such Continuing Limited Partner will be adjusted to take into account the amount of such discrepancy that is allocable to the Partnership Interests, and Class B common stock, subject to such exchange. Beneficial ownership of shares of Class B common stock reflected in this table has not been also reflected as beneficial ownership of shares of Class A common stock for which such shares, paired with an equal number of Partnership Interests, may be exchanged. In calculating the percentage of Partnership Interests beneficially owned, the Partnership Interests held by Core & Main are treated as outstanding.

Executive Summary

Compensation Philosophy and Objectives

We seek to provide compensation and benefit programs that support our business strategies and objectives by attracting, retaining and developing individuals with necessary expertise and experience.

The executive compensation programs are intended to create a "pay for performance" culture geared toward exceptional business results, enterprise value creation and executive retention. In particular, the executive compensation programs have the following objectives:

- Rewarding our executives commensurate with their performance, experience and capabilities;
- Causing our executives to have equity in the Company in order to align their interests with the interests of our shareholders and allow our executives to share in our shareholders' success; and
- Enabling us to attract, motivate and retain top executive talent.

Determination of Executive Compensation

The following describes the primary roles and responsibilities of those involved in the determination of executive compensation levels, plan designs, and policies.

Talent and Compensation Committee

The Talent and Compensation Committee is responsible for reviewing and approving the compensation and benefits of our executives and non-employee directors, authorizing and ratifying grants of equity awards and other incentive arrangements, and authorizing employment and related agreements. As part of its evaluation, the Talent and Compensation Committee considers the results of the annual "say-on-pay proposal" votes of the Company's shareholders. The Company's last "say-on-pay proposal" vote received the approval of 90% of the votes cast (including abstentions).

Independent Compensation Consultant

The Talent and Compensation Committee has engaged Pearl Meyer & Partners, LLC ("Pearl Meyer") as its independent compensation consultant that reports to and is directed by the Talent and Compensation Committee and provides no other services to the Company. Pearl Meyer provided advice to the Talent and Compensation Committee on various aspects of the executive and non-employee director compensation programs. In performing these services, Pearl Meyer interacted with executive management and attended Talent and Compensation Committee meetings. The Talent and Compensation Committee annually assesses Pearl Meyer's independence in light of SEC rules and NYSE standards and has determined that no conflicts of interest or independence concerns exist.

The Role of Executive Management

Certain members of executive management are involved in the executive compensation determination process. For example, our General Counsel provides legal advice and perspective, and our CEO and Senior Vice President, Human Resources make specific recommendations for compensation levels and program designs for executives other than themselves. These

individuals generally attend Talent and Compensation Committee meetings, but do not provide input into their own compensation.

Use of Peer Group

During fiscal 2025, the Talent and Compensation Committee directed Pearl Meyer to conduct an external market assessment of the Company's executive compensation pay levels and incentive plan designs. The primary objectives of the study were to assess the market competitiveness of (1) current base salaries and target total cash compensation and (2) long-term incentive grant values under the Company's long-term incentive plan design.

Given the competitive market for top-tier talent, the Talent and Compensation Committee uses a peer group to provide reference data for assessing executive compensation levels and practices. The Talent and Compensation Committee reviews our compensation peer group periodically to determine the appropriate companies to include. In its review, the Talent and Compensation Committee considered the following factors and criteria:

- Industry Relevance – focusing on industrial distribution companies;
- Size Relevance – focusing on revenue, EBITDA, market capitalization, and enterprise value that are similar to those of the Company; and
- Data Availability – focusing on publicly-traded companies in the U.S. with full pay disclosure.

Based on the most recent review and beginning with fiscal year 2025, Pearl Meyer recommended, and the Talent and Compensation Committee approved, the following executive compensation peer group (the “Peer Group”) for purposes of setting fiscal 2025 compensation:

- Applied Industrial Technologies, Inc.
- Builders FirstSource, Inc.
- Ferguson Enterprises, Inc.
- Fastenal Company
- GMS Inc.
- Hillman Solutions Corp.
- Installed Building Products, Inc.
- MSC Industrial Direct, Inc.
- Pool Corporation
- SiteOne Landscape Supply, Inc.
- TopBuild Corp
- United Rentals, Inc.
- W.W. Grainger, Inc.
- WESCO International, Inc.

In addition to pay data gathered from the proxy statements of peer group companies, Pearl Meyer also collected data from a variety of reputable compensation surveys. The data presented to and reviewed by the Talent and Compensation Committee was a blend of peer group and market survey data. Neither Pearl Meyer nor the Talent and Compensation Committee was aware of the specific reporting companies included within the data used in the surveys.

This external market data is one of many factors reviewed and considered by the Talent and Compensation Committee when making its pay determinations. Neither the Company nor the Talent and Compensation Committee engaged in direct benchmarking against the pay levels of other companies in making fiscal 2025 executive compensation decisions. Instead, the Talent and Compensation Committee generally referenced the 50th and 75th percentile market pay levels as presented by Pearl Meyer when evaluating compensation decisions.

Elements of Our 2025 Executive Compensation Program

During fiscal 2025, the compensation program for our NEOs consisted mainly of salary, short-term cash incentive compensation, and long-term equity awards. As described above, the Talent and Compensation Committee reviews and considers external market data provided by Pearl Meyer when making compensation decisions, including the executive compensation practices of the Peer Group. This information is reviewed and considered by the Talent and Compensation Committee along with all other relevant information, including, but not limited to, company performance, individual executive performance, internal equity among executives, tenure and experience levels, and the results of our “say-on-pay proposal” shareholder votes. Set forth below is a chart outlining each element of compensation, the primary reason that we provide each element, and how that element fits into our overall compensation philosophy.

PAY ELEMENT	PURPOSE	KEY MEASURES
Base Salary	Provide competitive pay and reflect individual contributions	Current compensation relative to competitive rates for similar roles Individual performance
Annual Cash Incentives	Reward achievement of short-term business objectives and results	MICP Adjusted EBITDA target MICP Working Capital Percentage target (see definitions below)
Long-Term Incentive Awards	Align executive and shareholder interests while enhancing executive retention strength	Value of executive compensation linked directly to increases in long-term shareholder value

As of the date of this proxy statement, we have continued for fiscal 2026 these elements of our executive compensation program, including the terms and conditions of the long-term incentive awards granted to our NEOs.

In addition, our executives participate in a limited number of perquisite programs, as well as certain benefit programs generally available to all of our employees. See “Benefits and Perquisites” below for additional detail on the perquisite programs in which our NEOs participate.

Base Salary

Base salaries are set to attract, retain and reward high-performing executive talent. Generally, the determination of any particular executive’s base salary is based on personal performance, experience in the role, competitive rates of pay for comparable roles, significance of the role to the Company and market demand for such executives. Each year, the Talent and Compensation Committee considers market adjustments and merit salary increases for our executives generally, including our NEOs. In fiscal 2025, the Talent and Compensation Committee approved a merit salary increase for each of Mr. Witkowski and Ms. Bradbury in connection with the Executive Transition, effective as of March 31, 2025, and for each of our other NEOs, other than Mr. LeClair, effective as of April 28, 2025. Mr. LeClair did not receive a salary increase in fiscal 2025. The following table summarizes the 2025 salary increases for our NEOs.

NAME	BASE SALARY ⁽¹⁾	
	2025	2024
Mark R. Witkowski	\$ 825,000	\$ 625,000
Robyn L. Bradbury	500,000	340,000
Stephen O. LeClair	935,000	935,000
Bradford A. Cowles	570,000	500,000
Michael G. Huebert	475,000	450,000
Mark G. Whittenburg	505,000	485,000

(1) For Mr. Witkowski, Ms. Bradbury and Mr. LeClair, amounts shown for 2025 reflect base salary effective March 31, 2025 and amounts shown for 2024 reflect base salary effective April 29, 2024 through March 30, 2025. For Messrs. Cowles, Huebert and Whittenburg, amounts shown for 2025 reflect base salary effective April 28, 2025 and amounts shown for 2024 reflect base salary effective April 29, 2024 through April 27, 2025.

Short-Term Incentives

Annual cash incentives are designed to focus the NEOs on producing superior results against key financial metrics relevant to the Company as a whole. By tying a significant portion of the executive’s total annual cash compensation to annual variable pay, we reinforce our “pay for performance” culture and focus our executives on critical short-term financial and operational performance, which also supports our long-term financial goals.

All of our NEOs participate in our Management Incentive Compensation Plan (“MICP”), which provides cash-based incentives dependent on the Company’s annual results as compared against the key financial metrics described below. MICP target payouts to our NEOs are expressed as a percentage of base salary. Annually, these percentage targets are reviewed against comparator data and adjusted, if necessary, based on the Talent and Compensation Committee’s estimation of what level of targeted payouts is necessary to retain, motivate and reward our executives.

For fiscal 2025, the MICP performance payout weighting was based 75% on MICP Adjusted EBITDA and 25% on the MICP Working Capital Percentage.

MICP Adjusted EBITDA is calculated as Adjusted EBITDA (calculated as described in our 2025 Form 10-K) less the estimated Adjusted EBITDA of any acquisitions completed subsequent to the establishment of the MICP Adjusted EBITDA target, as these items were not contemplated in establishing the target. We view MICP Adjusted EBITDA as a key operating metric that measures business profitability.

MICP Working Capital Percentage is calculated as average accounts receivable plus inventory less accounts payable, as a percentage of fiscal 2025 net sales. The MICP Working Capital Percentage is also adjusted to exclude the same acquisitions as were excluded for the MICP Adjusted EBITDA calculation. The MICP Working Capital Percentage measure is intended to increase the focus on working capital management across the Company.

The following are the performance and payout scales that were approved by the Talent and Compensation Committee for fiscal 2025 annual cash incentives for NEOs, as well as the actual performance results for fiscal 2025.

	MICP Adjusted EBITDA			MICP Working Capital Percentage			TOTAL
	PLAN ATTAINMENT	MICP ADJUSTED EBITDA (IN MILLIONS) ⁽¹⁾	PAYOUT % OF TARGET	PLAN ATTAINMENT	MICP WORKING CAPITAL PERCENTAGE	PAYOUT % OF TARGET	
Minimum	93 %	\$ 930	25 %	98 %	18.9 %	25 %	
Mid Target	98 %	\$ 975	90 %				
Target	100 %	\$ 1,000	100 %	100 %	18.6 %	100 %	
Growth Target	105 %	\$ 1,050	150 %	103 %	18.0 %	150 %	
Maximum	110 %	\$ 1,100	200 %	106 %	17.5 %	200 %

Actual Payout % of Target			25 %		— %		
Weight			75 %		25 %		
Payout %			19 %		— %		19 %

(1) MICP Adjusted EBITDA is calculated as Adjusted EBITDA (calculated as described in our 2025 Form 10-K) less the estimated Adjusted EBITDA of any acquisitions completed subsequent to the establishment of the MICP Adjusted EBITDA target, as these items were not contemplated in establishing the target.

Based on the pre-approved goals and payout ranges, and actual results, the following summarizes the actual amounts earned by each NEO in fiscal 2025, with payment made in 2026:

NAME	TARGET MICP OPPORTUNITY			WEIGHTED AVG PAYOUT % OF TARGET	ACTUAL MICP AWARD (\$)

Mark R. Witkowski	825,000	125 %	1,031,250	19 %	194,520

Long-Term Incentive Awards Granted in Fiscal 2025

We make grants of long-term equity incentive compensation to certain of our employees and directors under the Omnibus Incentive Plan. Under the Omnibus Incentive Plan, we can make awards in the form of stock options, which may be either incentive stock options or non-qualified stock options, restricted stock; restricted stock units ("RSUs"), performance shares, performance units, stock appreciation rights, dividend equivalents and other stock-based awards. Cash awards may also be granted under the Omnibus Incentive Plan as annual or long-term incentives. Shares issued under the Omnibus Incentive Plan may be either authorized but unissued shares or shares reacquired by us.

Our long-term incentive plan design generally includes annual grants of stock options and RSUs. Both the stock options and RSUs approved by the Talent and Compensation Committee and granted on March 13, 2025 vest in three equal annual installments on the first three anniversaries of March 11th, subject to the grantee's continued employment through such anniversary. Unvested stock options and RSUs are generally forfeited upon the grantee's termination of employment, but are subject to acceleration at the Talent and Compensation Committee's discretion and also upon the grantee's termination of employment due to death, disability or a "Qualifying Retirement," meaning a retirement occurring at least six months after the grant date and after the grantee has completed at least 10 years of employment with the Company or its subsidiaries and reached age 62. Unless otherwise determined by the Talent and Compensation Committee, the RSUs also participate in any ordinary dividend paid on shares of our Class A common stock, in the form of dividend equivalent rights payable upon vesting and settlement of the RSUs.

In approving the 2025 long-term incentive plan design and equity grants, the Talent and Compensation Committee reviewed and considered Peer Group practices as summarized by Pearl Meyer. This information was one of many factors reviewed and considered by the Talent and Compensation Committee. For fiscal 2025, the equity award mix for our NEOs was 75% stock options and 25% RSUs. The Talent and Compensation Committee believed that this mix of stock options and RSUs appropriately balanced the performance and retention objectives of the program, making a substantial portion of the award value solely dependent upon increases in the value of our Class A common stock. The following summarizes the grants of RSUs and stock options granted in March 2025 to each NEO prior to the Executive Transition:

NAME	RSUs	OPTIONS
Mark R. Witkowski	7,296	53,094
Robyn L. Bradbury	1,014	7,377
Stephen O. LeClair	—	—
Bradford A. Cowles	6,162	44,835
Michael G. Huebert	4,494	32,694
Mark G. Whittenburg	3,411	24,828

In connection with the Executive Transition and their respective promotions to CEO and CFO, the Talent and Compensation Committee also approved the following additional annual equity grants to Mr. Witkowski and Ms. Bradbury:

EXECUTIVE	RSUs	OPTIONS
Mark R. Witkowski	10,092	73,458
Robyn L. Bradbury	2,913	21,192

These award values reflect the difference between (i) the new targeted annual equity grant value for their new role and (ii) the targeted value received for their prior role at the time of the 2025 annual equity grant described above. All provisions of these awards, including vesting, are the same as the annual equity awards previously granted and described above.

To further align pay and performance for the executive team going forward, the Talent and Compensation Committee also approved certain one-time, discretionary performance-based equity award to certain executives, including the NEOs. The following are the approved target grant values for each NEO:

NAMED EXECUTIVE OFFICER	TARGET GRANT DATE VALUE (\$)
Mark R. Witkowski	5,000,000
Robyn L. Bradbury	2,250,000
Bradford A. Cowles	2,750,000
Michael G. Huebert	2,250,000
Mark G. Whittenburg	1,500,000

These awards are 100% performance share awards ("PSAs"), with the following pre-set financial metrics and performance goals:

FINANCIAL METRIC	WEIGHT	THRESHOLD	TARGET	MAXIMUM
Fiscal 2028 Net Sales	25%	Not Applicable	\$10.0 Billion	\$11.7 Billion
Fiscal 2028 Adjusted EBITDA	75%	Not Applicable	\$1.5 Billion	\$1.75 Billion

There is no threshold earning level for these PSAs because the Company is committed to achieving its disclosed target goals, and therefore no payment under these awards is warranted for below Target performance. If the Target performance level is achieved participants will earn 100% of the PSAs awarded. If the maximum performance level is achieved participants will earn 200% of the PSAs awarded. Any awards earned based on fiscal year 2028 results will vest on March 31, 2029.

When approving these awards, the Talent and Compensation Committee acknowledged the special-purpose nature of the awards to support leadership continuity during the Executive Transition and to align the new leadership team with the Company's stated long-term financial goals. Absent special circumstances in the future, the Talent and Compensation Committee does not expect to provide special-purpose equity awards as a routine matter.

The Talent and Compensation Committee intends to review and assess the grant mix and grant levels annually. In March 2026, following the end of fiscal 2025, we made our fiscal 2026 annual grants of long-term incentive awards to our NEOs, in the form of RSUs and stock option awards having the same vesting and other terms described above.

Management Feeder Units

Prior to our IPO, we provided long-term equity incentive compensation to our NEOs under the Pre-IPO Plan. Under the Pre-IPO Plan, we granted profits interests (the “Profits Units”) in Holdings to members of management indirectly through an equity interest in Management Feeder, a partner in Holdings, which in turn received grants of equity interests from Holdings in amounts and on terms that were identical to those issued to the executive by Management Feeder. The Pre-IPO Plan and the Profits Units are described in our registration statement on Form S-1, filed on May 21, 2021.

All Profits Units of Management Feeder were converted into common units of Management Feeder in connection with the IPO. The Profits Units of Management Feeder that were unvested at the time of conversion were converted into restricted common units that are subject to time-vesting provisions that are substantially similar to the vesting provisions applicable to the corresponding unvested Profits Units. The shares of Class B common stock of the Company held by Holdings were distributed proportionately to holders of partnership interests of Holdings, including Management Feeder.

Pursuant to the limited liability company agreement of Management Feeder, the directors, executive officers and other employees of the Company who hold common units in Management Feeder have the right, subject to certain conditions, to elect for Management Feeder to redeem a number of vested common units held by them in exchange for a corresponding number of Holdings partnership interests and shares of Class B common stock held by Management Feeder and will, as a result of such transfer, have the right to exchange their Holdings partnership interests and shares of Class B common stock for shares of Class A common stock. Such individuals also have the right to participate in cash payments made under the Continuing Limited Partner Tax Receivable Agreement in respect of any Holdings partnership interests exchanged for Class A common stock, as described further under “Certain Relationships and Related Party Transactions—Tax Receivable Agreements.” In addition, the common units are subject to adjustment, as determined by the Talent and Compensation Committee, to give effect to any stock splits, reverse splits, stock dividends or similar events affecting the Class A common stock.

For information regarding outstanding common units of Management Feeder held by our NEOs as of the Record Date, see “Securities Ownership of Certain Beneficial Owners and Management” above.

Employment Agreements and Severance Agreements

We have entered into employment agreements with each NEO, which include the specific terms, including severance benefits, described below under “Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table—Employment Agreements.”

Benefits and Perquisites

Generally, benefits provided to our NEOs are the same as those provided to our other salaried employees and include medical, dental and vision insurance, basic life insurance and accidental death and dismemberment insurance, short and long-term disability insurance, and a 401(k) plan, which includes an employer matching contribution equal to 50% of the first 6% of the participant’s eligible compensation deferred under the plan.

Our NEOs participate in a limited number of perquisite programs. We maintain these programs because they are valued by our NEOs but impose relatively little cost to us.

All of the NEOs participate in the executive basic life insurance plan. Under this plan, the beneficiary of a participant who dies while employed by us is entitled to a lump sum payment of \$500,000. The participant owns the insurance policy, and the Company pays the premium on his or her behalf. The value of the premium for fiscal 2025 for each NEO is described below under “Director and Executive Compensation—Summary Compensation Table.” Mr. LeClair has a secondary life insurance policy with a benefit amount of \$4,500,000 and the value of Mr. LeClair’s secondary policy premium was an additional \$2,290. Mr. LeClair also received a payment of \$1,761 to cover the income taxes owed in respect of his secondary policy. Mr. Witkowski has a secondary life insurance policy with a benefit amount of \$4,500,000 and the value of this secondary policy premium was an additional \$15,353.

Other benefits provided to our NEOs include participation in an executive medical benefit program and an executive vehicle program for our NEOs.

Other Policies and Practices

Policy on Recovering Incentive Compensation

The Company has a Dodd-Frank Clawback Policy and an Amended and Restated Clawback and Forfeiture Policy covering current and former employees who are not covered by our Dodd-Frank Clawback Policy. See “Directors, Executive Officers and Corporate Governance—Policy on Recovering Incentive Compensation” on **page 20** of this proxy statement.

Stock Ownership Guidelines and Holding Period Requirements

The Company has adopted stock ownership guidelines applicable to our executive officers (including our NEOs) and non-employee directors. See “Directors, Executive Officers and Corporate Governance—Stock Ownership Guidelines” on **page 20** of this proxy statement.

Insider Trading Policy; No Hedging, Pledging or Short Sales

The Company’s Policy on Trading in Securities prohibits our directors, executive officers and employees from engaging in buying, selling, gifting or otherwise trading securities of the Company when such person possesses material nonpublic information relating to the Company or our securities. A copy of our Policy on Trading Securities was filed as Exhibit 19.1 to our 2025 Form 10-K.

The Policy on Trading in Securities also prohibits our directors, executive officers and employees from engaging in hedging, pledging or short sales with respect to Company securities.

Tax and Accounting Considerations

Section 162(m) of the U.S. Internal Revenue Code of 1986, as amended, generally places a limit of \$1 million per year on the amount of compensation paid to certain of our executive officers that is deductible by the Company for federal income tax purposes.

Where appropriate, we attempt to structure our executive employment arrangements and compensation programs to allow us to maximize the Company’s tax deductions for the compensation we pay to our executives. However, it is expected that our Talent and Compensation Committee will authorize compensation payments that are not deductible for federal income tax purposes when it believes that such payments are appropriate to attract, retain and incentivize executive talent.

Fiscal 2025 Employment Agreements

In connection with the Executive Transition, Opco entered into new employment agreements with each of Messrs. LeClair and Witkowski, replacing their existing employment agreements as described below, and Ms. Bradbury. Ms. Bradbury was not previously party to an employment agreement with Opco.

Mr. Witkowski's new employment agreement effective as of March 31, 2025 (the "Witkowski Agreement"), replaced and superseded that certain Employment Agreement, dated as of February 9, 2018 (the "Old Witkowski Agreement"), under which he served as the Company's CFO and which is described below. The Witkowski Agreement provides for an annual base salary of \$825,000 with eligibility to receive a target performance bonus of up to 125% of his base salary and includes restrictive covenants, including non-compete and non-solicit covenants. Mr. Witkowski is entitled to participate in Opco's MICP and other compensation and benefit plans available to other executives or officers of Opco. On a termination by Opco without "cause" or by the executive as a resignation for "good reason," Mr. Witkowski is entitled to (i) a payment equal to 24 months' base salary and two times his target MICP bonus, paid in equal installments over the 24-month period following termination, and (ii) a payment equal to the monthly cost of purchasing COBRA continuation coverage, payable in monthly installments for the 12-month period following termination; payment is subject to his execution of a release of claims.

Ms. Bradbury's employment agreement, effective as of March 31, 2025 (the "Bradbury Agreement"), provides for an annual base salary of \$500,000 with eligibility to receive a target performance bonus of up to 75% of her base salary and includes restrictive covenants, including non-compete and non-solicit covenants. Ms. Bradbury is entitled to participate in Opco's MICP and other compensation and benefit plans available to other executives or officers of Opco. On a termination by Opco without "cause" or by the executive as a resignation for "good reason," Ms. Bradbury is entitled to (i) a payment equal to twelve months' base salary and her target MICP bonus, paid in equal installments over the twelve-month period following termination, and (ii) a payment equal to the monthly cost of purchasing COBRA continuation coverage, payable in monthly installments for the 12-month period following termination; payment is subject to her execution of a release of claims.

Mr. LeClair's new employment and transition agreement effective as of March 31, 2025 (the "LeClair Agreement"), replaced and superseded that certain Employment Agreement, dated as of March 9, 2018 (the "Old LeClair Agreement"), by and between Opco and Mr. LeClair, which is described below. The LeClair Agreement expired in accordance with its terms on April 1, 2026. The LeClair Agreement provided for an annual base salary of \$935,000 with eligibility to receive a target performance bonus of up to 135% of his base salary. Under the LeClair Agreement, Mr. LeClair was entitled to participate in Opco's MICP and other compensation and benefit plans available to other executives or officers of Opco. On a termination by Opco without "cause" or by the executive as a resignation for "good reason," Mr. LeClair would have been entitled to (i) a payment equal to his remaining base salary and his target MICP bonus, paid in equal installments over the remaining term following termination, (ii) accelerated vesting of unvested awards as if he had remained employed through the term of the LeClair Agreement, and (iii) a payment equal to the monthly cost of purchasing COBRA continuation coverage, payable in monthly installments for the remaining term following termination. Payment was subject to his execution of a release of claims.

Under each of the Witkowski Agreement, the Bradbury Agreement and the LeClair Agreement:

- "cause" means any of the following: (i) indictment for, commission of, conviction of or plea of nolo contendere to a felony or a crime involving moral turpitude; (ii) commission of fraud, theft, embezzlement, self-dealing, dishonesty, misappropriation or other malfeasance against Opco; (iii) material and persistent failure to perform executive's lawful duties or responsibilities under the terms of the employment agreement or other agreement with Opco (other than by reason of disability); (iv) failure to comply with any lawful policy of Opco; (v) commission of acts or omissions constituting gross negligence or material misconduct in the performance of any aspect of the executive's lawful duties or responsibilities which have or may be expected to have an adverse effect on Opco; (vi) breach of any fiduciary duty owed to Opco; (vii) material violation or material breach of any restrictive covenant or any material term of this Agreement or other material term of another agreement between the Parties; (viii) failure or refusal to cooperate in good faith with a governmental or internal investigation; or (ix) commission of any act or omission that materially damages or is reasonably likely to materially damage the financial condition or business of Opco or materially damages or is reasonably likely to materially damage the reputation, public image, goodwill, assets or prospects of Opco; and
- "good reason" for an executive's resignation includes the following circumstances: (i) a material reduction in base salary (except for any across-the-board reduction impacting substantially all executives of Opco where such reduction does not represent a greater than 10% reduction); (ii) a material reduction in the percentage of base salary that constitutes the executive's target bonus; (iii) a material reduction the Executive's duties, authorities and responsibilities; (iv) a material adverse change to the executive's title or reporting line; (v) the introduction of a requirement that the executive report to a different principal work location that increases the executive's commute by more than 40 miles; or (vi) Opco engages in a material violation or material breach of any restrictive covenant or any material term of the employment agreement or material term of another agreement with the executive. The executive must provide Opco with 30 days to cure any of the aforementioned conditions and must resign and the Executive must then resign and separate from employment no later than 90 days following the initial existence of the condition that is claimed to constitute "good reason" for the executive's resignation.

During fiscal 2025, Messrs. Huebert, Cowles and Whittenburg were also each party to an employment agreement with Opco. Mr. Wittenburg's employment agreement terminated in connection with his retirement effective April 1, 2026. Each such

employment agreement, the Old Witkowski Employment Agreement and the Old LeClair Employment Agreement provided for at-will employment with Opco. Each executive was entitled to participate in Opco's MICP and other compensation and benefit plans available to other executives or officers of Opco. Under the terms of each such employment agreement, other than in respect of Mr. Huebert, on a termination by Opco without "cause" or by the executive due to a "change in employment" (i.e., "good reason" to resign due to a change in employment), each executive would be entitled to (i) a payment equal to 12 months base salary (24 months for Mr. LeClair) and his target MICP bonus (two times target MICP bonus for Mr. LeClair), paid in equal installments over the twelve-month (24-months for Mr. LeClair) period following termination, and (ii) a payment equal to the monthly cost of purchasing COBRA continuation coverage, payable in monthly installments for the 12-month period following termination, with payment subject to the executive's execution of a release of claims.

Under each such employment agreement, other than Mr. Huebert's employment agreement:

- "cause" means (i) executive's commission of a crime involving fraud, theft, false statements or other similar acts or commission of any crime that is a felony, (ii) executive's willful or grossly negligent failure to perform employment duties or (iii) executive's material breach of the employment agreement or the terms of an applicable noncompetition, nondisclosure or non-solicitation provision (in the case of (ii) or (iii), the executive has a 30-day period to cure); and
- "change in employment" means (i) the assignment of duties that are materially inconsistent with the executive's position, (ii) a reduction in executive's base salary, (iii) Opco's material breach of the employment agreement, or (iv) the relocation of executive's primary workplace by more than 50 miles. The executive must provide Opco with 30 days to cure and must resign within ten business days following the expiration of the cure period to qualify as a termination due to a "change in employment."

Under the terms of Mr. Huebert's employment agreement, on a termination by Opco without "cause" or by the executive due to a "good reason", Mr. Huebert would be entitled to a payment equal to 12 months base salary; payment is subject to execution of a release of claims. Under his employment agreement:

- "cause" means executive's (i) commission, conviction of or plea of nolo contendere to a felony or a crime involving moral turpitude; (ii) commission of fraud, theft, embezzlement, self-dealing, misappropriation or other malfeasance against the Company; (iii) material and persistent failure to perform his lawful duties or responsibilities under the terms of the employment agreement (other than by reason of disability); (iv) refusal to comply with any lawful policy of the Company; (v) commission of acts or omissions constituting gross negligence or material misconduct in the performance of any aspect of executive's lawful duties or responsibilities which have or may be expected to have an adverse effect on the Company; (vi) breach of any fiduciary duty owed to the Company; (vii) material violation or breach of any restrictive covenant or any material term of the employment agreement; or (viii) commission of any act or omission that materially damages or is reasonably likely to materially damage the financial condition or business of the Company or materially damages or is reasonably likely to materially damage the reputation, public image, goodwill, assets or prospects of the Company, subject to a 15-day cure period by executive; and
- "change in employment" means (i) a material reduction in executive's base salary (except for any across-the-board reduction impacting substantially all executives of Opco where such reduction does not represent a greater than a 10% reduction); (ii) a material reduction in the percentage of base salary that constitutes executive's target bonus; (iii) a material reduction in executive's duties, authorities and responsibilities; or (iv) Opco requires that executive report to a different principal work location that increases his commute by more than 50 miles. The executive must provide Opco with notice within 30 days of the initial existence of such condition, Opco has 30 days to cure such condition and executive must resign within 90 days of the initial existence of the condition.

Equity Award Grant Timing Practices

Neither the Board nor the Talent and Compensation Committee takes material nonpublic information into account when determining the timing and terms of grants of equity awards under the Omnibus Incentive Plan. Instead, the Company's practice has been to grant equity awards, including stock options, under the Omnibus Incentive Plan on a predetermined schedule in accordance with the annual compensation review cycle. The Company does not time the disclosure of material nonpublic information to affect the value of the equity awards provided under the Omnibus Incentive Plan. During fiscal 2025, we did not grant any stock options to our NEOs during any period beginning four business days prior and ending one business day after the filing of the Company's 2025 Form 10-K, any Quarterly Report on Form 10-Q, or the filing or furnishing of any Current Report on Form 8-K which disclosed material nonpublic information.

(1) The stock option awards vest in three equal annual installments on the first three anniversaries of the grant date, subject in each case to the applicable NEO's continued employment through such anniversary, subject to acceleration upon the grantee's termination of employment due to death, disability, or Qualifying Retirement. See "Elements of Our Executive Compensation Program—Long-Term Incentive Awards Granted in Fiscal 2025."

(2) The RSU awards vest in three equal annual installments on the first three anniversaries of the grant date, subject in each case to the applicable NEO's continued employment through such anniversary, subject to acceleration upon the grantee's termination of employment due to death, disability, or Qualifying Retirement. See "Elements of Our Executive Compensation Program—Long-Term Incentive Awards Granted in Fiscal 2025." The market value of unvested RSUs is calculated by multiplying the number of unvested RSUs held by the applicable NEO by \$53.36, which was the closing price of our Class A common stock on January 30, 2026, the last trading day prior to the end of fiscal 2025.

Option Exercises and Stock Vested Table

The following table provides information about options exercised by our NEOs during fiscal 2025 and RSUs and common units in Management Feeder held by our NEOs that vested during fiscal 2025.

Potential Payments Upon Termination or Change-in-Control

We have entered into employment arrangements that, by their terms, will require us to provide compensation and other benefits to certain of our NEOs if their employment terminates or they resign under specified circumstances. Vesting of awards granted under our Omnibus Incentive Plan is also subject to acceleration in certain circumstances, including a grantee’s termination as a result of death or disability, or a Qualifying Retirement. See “Elements of Our Executive Compensation Program—Long-Term Incentive Awards Granted in Fiscal 2025.”

The following discussion summarizes the potential payments upon a termination of employment in various circumstances. The amounts discussed apply the assumptions that employment terminated on February 1, 2026 or that a change in control occurred on February 1, 2026, taking into consideration the applicable employment agreement in effect as of February 1, 2026 and notwithstanding that Messrs. LeClair and Whittenburg each retired effective April 1, 2026. See “Narrative Disclosure to Summary Compensation Table and Grant Plan-Based Awards Table—Employment Agreements” above for a description of the NEOs’ respective employment agreements effective during fiscal 2025.

Estimated Benefits upon Termination without “Cause” or Resignation due to a “Change in Employment”

Upon termination without “cause” or resignation due to a “change in employment” or “good reason,” as applicable, each NEO is entitled to contractual severance benefits payable on termination plus payment of COBRA premium costs, as quantified in the table below.

NAME	SALARY (OTHER THAN ACCRUED AMOUNTS) (\$) ⁽¹⁾	BONUS (\$)	COBRA BENEFIT PAYMENT (\$) ⁽²⁾	TOTAL (\$)
Mark R. Witkowski	1,650,000	2,062,500	7,510	3,720,010
Robyn L. Bradbury	500,000	375,000	32,314	907,314
Stephen O. LeClair ⁽³⁾	155,833	1,262,250	25,469	1,443,552
Bradford A. Cowles	570,000	427,500	25,469	1,022,969
Michael G. Huebert	475,000	—	—	475,000
Mark G. Whittenburg ⁽⁴⁾	505,000	378,750	13,230	896,980

(1) Based on salary in effect as of February 1, 2026.

(2) Payment of the COBRA benefit payment will cease in the event that an executive becomes eligible for health benefits coverage from a subsequent employer.

(3) Mr. LeClair retired from the Company and the Board effective April 1, 2026. In connection with his retirement and notwithstanding the amounts stated in the table above, Mr. LeClair did not receive any severance benefits upon termination of his employment.

(4) Mr. Whittenburg retired from the Company effective April 1, 2026. In connection with his retirement and notwithstanding the amounts stated in the table above, Mr. Whittenburg and the Company entered into a Mutual Confidential Retirement and Release Agreement, pursuant to which Mr. Whittenburg received a lump sum payment equal to \$206,632, in lieu of any other payments in respect of his employment agreement or otherwise.

Further, upon a termination without “cause,” each NEO party to an unvested PSA will be entitled to pro rata vesting of the PSA based on the portion of the vesting period applicable to the PSA during which the NEO was employed by the Company and the Company’s performance relative to the financial metrics set forth in the PSA.

Estimated Benefits in Connection with a Change in Control or Termination due to Death or Disability

If an NEO’s employment is terminated as a result of the NEO’s death or disability any unvested RSUs and stock options held by the NEO at the time of his or her death or disability will accelerate and become vested. Further, each NEO party to an unvested PSA will be entitled to pro rata vesting of the PSA based on the portion of the vesting period applicable to the PSA during which the NEO was employed by the Company and the Company’s performance relative to the financial metrics set forth in the PSA.

Vesting of awards granted under our Omnibus Incentive Plan will not be accelerated upon a change in control of the Company if the awards are assumed or replaced with substitute awards that (i) have the same or better terms and conditions, including vesting terms and (ii) provide for accelerated vesting if the grantee’s employment is terminated by the successor company without “cause” or the grantee resigns with “good reason,” in each case within 12 months of the change in control. The amounts shown below reflect the value of accelerated awards upon a change in control of the Company in which our NEOs did not receive replacement awards meeting these criteria.

As described above, assuming a termination of employment due to the executive’s death or disability, or the occurrence of a change in control of the Company in which outstanding unvested awards were not substituted or replaced in accordance with the terms of the Omnibus Incentive Plan, in each case on February 1, 2026, our NEOs would have received benefits from the accelerated vesting of unvested RSUs and stock options, in the following amounts:

NAME	ACCELERATION OF RSUs (\$) ⁽¹⁾	ACCELERATION OF OPTIONS (\$) ⁽²⁾
Mark R. Witkowski	1,266,179	1,655,478
Stephen O. LeClair	1,338,696	3,569,676
Robyn L. Bradbury	324,696	326,396
Bradford A. Cowles	593,256	1,013,814
Michael G. Huebert	611,079	268,668
Mark G. Whittenburg	361,087	664,912

(1) Calculated based on a value of \$53.36 per unvested RSU, which was the closing price of our Class A common stock on January 30, 2026, the last trading day prior to the end of fiscal 2025.

(2) Calculated based on the “spread value” of outstanding unvested options using a price per share of \$53.36 per share, which was the closing price of our Class A common stock on January 30, 2026, the last trading day prior to the end of fiscal 2025.

None of our NEOs are entitled to any additional payments or benefits upon a termination of employment due to the executive’s death or disability or the occurrence of a change in control.

Benefits in Connection with a Termination due to Retirement

Ordinarily, in order to receive payment of an annual bonus, a participant must be employed on the payment date. However, if a participant retires prior to the payment date, he or she may receive payment of the full MICP bonus earned based on actual performance.

The stock options and RSUs held by our NEOs for at least six months after the grant date are subject to acceleration if the NEO resigns in a Qualifying Retirement, meaning termination of employment after having completed at least 10 years of employment with the Company or its subsidiaries and having reached age 62. See “Elements of Our Executive Compensation Program—Long-Term Incentive Awards Granted in Fiscal 2025.” As of February 1, 2026, none of our NEOs met the requirements for a Qualifying Retirement.

Compensation Risk Assessment

The Talent and Compensation Committee assessed the risks associated with our compensation and practices to evaluate whether they create risks that are likely to have a material adverse effect on us. Based on its assessment, the Talent and Compensation Committee concluded that our compensation policies and practices do not create incentives to take risks that are likely to have a material adverse effect on us. We believe we have allocated our compensation among base salary, short-term incentives and long-term equity in such a way as to not encourage excessive risk taking.

PAY VERSUS PERFORMANCE

In accordance with SEC rules, this section presents information about the relationship between compensation paid to our executives and certain Company financial performance metrics. For information about the Company's compensation philosophy and objectives, please refer to the compensation discussion and analysis above, under the heading "Director and Executive Compensation."

See "Director and Executive Compensation - Summary Compensation Table."

(2) Reflects the average of the total compensation reported in the SCT for the Company's NEOs as a group (excluding Mr. LeClair for all periods and Mr. Witkowski for fiscal 2025) for the applicable year. The NEOs included in this calculation for each of fiscal 2021, 2022, and 2023 are Mark R. Witkowski, John R. Schaller, Mark G. Whittenburg, and Bradford A. Cowles. For fiscal 2024, the NEOs include Mark R. Witkowski, John R. Schaller, Bradford A. Cowles, and Michael Huebert. For fiscal 2025, the NEOs include Bradford A. Cowles, Michael Huebert, Robyn Bradbury, and Mark Whittenburg.

(3) Amounts reported in this column represent the amount of compensation actually paid ("CAP") to Mr. Witkowski, Mr. LeClair or the non-PEO NEOs, as applicable, computed in accordance with Item 402(v) of Regulation S-K, the CAP reported for Mr. Witkowski, Mr. LeClair, and the non-PEO NEOs reflects the following adjustments to the total compensation reported in the SCT to determine the applicable CAP:

The fair value of stock options reported in this table were determined using the Black-Scholes option pricing model. The assumptions used for purposes of calculating fair values of stock options as of the vesting date or fiscal year-end date, as applicable, are: (i) the expected life of each stock option is based on the "simplified method" using an average of the remaining vesting period and remaining term as of the applicable vesting date or fiscal year end date; (ii) the exercise price is based on each grant date closing price and asset price is based on the applicable vesting date or fiscal year end closing price; (iii) the risk free interest rate is based on the Treasury Constant Maturity rate closest to the remaining expected life as of the applicable vesting date or fiscal year end date; and (iv) historical volatility is based on daily price history for the expected life of the stock option prior to the applicable vesting date or fiscal year end date. The portion of CAP that is based on fiscal year end share price reflects the share prices of \$53.36, \$56.44, \$40.55, \$21.67, and \$23.45 for fiscal year 2025, 2024, 2023, 2022, and 2021, respectively.

- (4) Represents the weighted peer group total shareholder return (“TSR”), weighted according to the respective companies’ stock market capitalization at the beginning of each period for which a return is indicated. The peer group used for this purpose is the S&P 400 MidCap Industrials Index, a published industry index.
- (5) Reflects “Net Income” in the Company’s Consolidated Financial Statements included in the Form 10-K for the applicable fiscal year.
- (6) MICP Adjusted EBITDA is calculated as Adjusted EBITDA (calculated as described in our 2025 Form 10-K) less the estimated Adjusted EBITDA of acquisitions completed subsequent to the establishment of the MICP Adjusted EBITDA target. See “Director and Executive Compensation – Elements of Our Executive Compensation Program – Short-Term Incentives.” The Company has determined that MICP Adjusted EBITDA is the most important performance measure used by the Company to link compensation actually paid to the Company’s NEOs to Company performance
- (7) These columns represent the value at the end of the respective fiscal year of a \$100 initial investment on July 23, 2021, the date of our IPO, for our Class A common stock and the S&P 400 MidCap Industrials Index. We measure the total shareholder return in a fiscal year as the change from the cumulative investment value from the prior fiscal year-end value divided by the cumulative investment value as of the prior fiscal year-end.

Performance Measures

The performance measures listed below represent, in the Company’s assessment, the most important performance measures that link compensation actually paid to our NEOs for fiscal 2025 to company performance. The Company uses MICP Adjusted EBITDA and MICP Working Capital Percentage in its annual cash incentive program, and share price is a key determinant of the value of long-term incentive awards held by our NEOs in the form of stock options and RSUs.

MOST IMPORTANT MEASURES FOR 2025
MICP Adjusted EBITDA
MICP Working Capital Percentage ⁽¹⁾
Share price

(1) Calculated as year-end accounts receivable plus inventory less accounts payable, as a percentage of fiscal 2025 net sales. The MICP Working Capital Percentage is also adjusted to exclude the same acquisitions as were excluded for the MICP Adjusted EBITDA calculation. See “Director and Executive Compensation – Elements of Our Executive Compensation Program – Short-Term Incentives.”

Additional information regarding these measures, including a reconciliation to the most comparable GAAP measure, is included under the heading “Non-GAAP Reconciliation” beginning on **page 53** of this proxy statement and under the heading “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Non-GAAP Financial Measures” in our 2025 Form 10-K.

CAP compared to TSR, Net Income and MICP Adjusted EBITDA; Company TSR Compared to S&P 400 Industrial Index

In early fiscal 2025, the Company undertook the Executive Transition, resulting in Mr. Witkowski (PEO 2 in the table above) replacing Mr. LeClair (PEO 1 in the table above) as CEO and PEO. From fiscal 2024 to fiscal 2025 and reflecting the Executive Transition and the absence of equity awards for Mr. LeClair in fiscal 2025, PEO 1 CAP decreased by \$14,109,807 or 114%, and the average CAP for the non-PEO NEOs decreased by \$1,768,300 or 60%. Mr. Witkowski’s PEO 2 CAP for fiscal 2025 was \$3,995,582, but due to his service as CFO in fiscal 2024, his CAP for fiscal 2024 is included in the calculation of average CAP for the non-PEO NEOs. For the same period, net income increased by \$28 million or 6%, and MICP Adjusted EBITDA increased by \$8 million or 1%. Also during this period, cumulative Core & Main TSR decreased 5%, and TSR for the S&P 400 MidCap Industrial Index increased 17%. The decreases in PEO CAP, non-PEO NEOs and TSR were primarily driven by the decrease in our share price for fiscal 2025 compared with an increase in share price in fiscal 2024.

As discussed in greater detail under the heading “Director and Executive Compensation,” the Talent and Compensation Committee considers many factors when making decisions concerning the compensation of our executive officers. TSR, net income and MICP Adjusted EBITDA are examples of indicators of the Company’s overall financial performance, which may directly or indirectly impact the Company’s compensation decisions as well as CAP. However, as calculated under SEC rules, CAP reflects adjusted values to unvested and vested equity awards, GAAP valuation assumptions, and projected performance modifiers but does not reflect actual amounts realized by our executives for those awards.

CEO PAY RATIO

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of the individual identified as our median compensated employee and the annual total compensation of Mr. Witkowski, our current CEO. During fiscal year 2025, Core & Main had two individuals serve as CEO, Mr. LeClair and Mr. Witkowski. Mr. Witkowski became our CEO beginning March 31, 2025 and was serving as CEO on the measurement date described below. For the purposes of calculating the CEO pay ratio, we have annualized the base salary of Mr. Witkowski, and included all other components of his compensation as disclosed in the Summary Compensation Table of this Proxy Statement.

For fiscal 2025, our last completed fiscal year:

- The annualized total compensation of Mr. Witkowski was \$9,365,566.
- The annual total compensation of the individual identified as the median compensated employee of the Company (other than Mr. Witkowski) was \$77,600.

As a result, for fiscal 2025, the ratio of the annual total compensation of Mr. Witkowski, our CEO, to the annual total compensation of the median compensated employee was 121 to 1.

To identify the median compensated employee and to determine the annual total compensation of the median compensated employee, we used total cash compensation for the consistently applied compensation measure (CACM) which included base salary, bonuses, overtime, and commissions (annualizing base salary for individuals employed less than a full year) as of December 31, 2025. We determined that, as of December 31, 2025, our employee population consisted of approximately 5,600 individuals of which approximately 50 were located in Canada and the remaining individuals were located in the United States. Pursuant to SEC rules, we excluded the approximately 50 Canadian employees from consideration in the pay ratio calculation under an applicable de minimis exemption. There has been no change in the Company's employee population or employee compensation arrangements that we believe would significantly impact the pay ratio disclosure since that date. After identifying the median employee, we calculated annual total compensation for this employee using the same methodology we use for calculating the total compensation of our CEO as set forth in the Summary Compensation Table.

This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll and employment records and the methodology described above. Because the SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

AUDIT MATTERS

Report of the Audit Committee

The Audit Committee of our Board oversees our financial reporting process and internal control structure on behalf of the Board. Management is responsible for the preparation, presentation, and integrity of the financial statements and the effectiveness of our internal control over financial reporting. PwC, our independent registered public accounting firm since 2021, is responsible for expressing an opinion as to the conformity of our consolidated financial statements with U.S. generally accepted accounting principles. As part of its oversight responsibilities, the Audit Committee meets with the head of the Company's internal audit function, our Chief Information Security Officer, who is the head of the Company's cybersecurity team and the Company's independent registered public accounting firm to discuss, among other things: the quality of the financial reporting process; cybersecurity risks and, as needed, any significant incidents; the performance of the Company's independent registered public accounting firm; the Company's compliance and ethics programs; and enterprise risk management.

The Audit Committee is responsible for, among other things, reviewing with PwC the scope and results of its audit engagement. In connection with the fiscal 2025 audit, the Audit Committee has:

PROPOSAL 1 - ELECTION OF DIRECTORS

The Board has nominated the three persons named below for election as directors at the Annual Meeting. All director nominees will be elected to serve terms expiring at the annual meeting of shareholders held in 2029. Each of the nominees for director is currently serving on the Board.

Nominees for Director

- Bhavani Amirthalingam

- Margaret M. Newman

For additional biographical information about the nominees for director, including information about their qualifications to serve as a director, see “Board of Directors” beginning on **page 12** of this proxy statement.

Pursuant to the Bylaws, to be elected as a director, a nominee must receive the affirmative vote of at least a plurality of the votes cast in respect of the outstanding shares of common stock of the Company present in person, electronically or represented by proxy at the Annual Meeting and entitled to vote in an election of directors. Therefore, the three nominees who receive the most “FOR” votes (among votes properly cast in person, electronically or by proxy) will be elected. There is no cumulative voting.

**OUR BOARD RECOMMENDS THAT
SHAREHOLDERS VOTE “FOR” THE ELECTION TO THE BOARD
OF EACH OF THE THREE NOMINEES FOR DIRECTOR.**

PROPOSAL 2 - RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

PwC audited our consolidated financial statements for fiscal 2025.

Our Audit Committee is directly responsible for the appointment, compensation, retention and oversight of our independent registered public accounting firm. The Audit Committee has appointed PwC to audit our consolidated financial statements and internal control over financial reporting for fiscal 2026, to prepare a report on this audit and to render other professional services as required. PwC has served as our independent registered public accounting firm since 2021.

This proposal asks you to ratify the selection of PwC as our independent registered public accounting firm. Although we are not required to obtain such ratification from our shareholders, the Board believes that it is good practice to do so. Even if the appointment is ratified, the Audit Committee may in its discretion select a different firm at any time during the year if it determines that such a change would be in the best interests of the Company and our shareholders.

In order to pass, the proposal must receive the affirmative vote of a majority of the votes that could be cast at the Annual Meeting by the shares of common stock of the Company present in person, electronically or represented by proxy at the Annual Meeting and entitled to vote. If you abstain from voting on the proposal, it will have the same effect as a vote against the proposal.

Additional information regarding the responsibilities of PwC as our independent auditor, and the fees we paid to the independent auditor, can found under "Audit Matters" beginning on **page 47** of this proxy statement.

A representative of PwC will be present at the Annual Meeting, will have the opportunity to make a statement, and will be available to respond to appropriate questions by shareholders.

**OUR BOARD RECOMMENDS THAT
SHAREHOLDERS VOTE "FOR" THE RATIFICATION OF THE
APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP
AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL 2026.**

PROPOSAL 3 - ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

The Compensation Discussion and Analysis begins on **page 28**. As discussed there, the Board believes that the Company's long-term success depends in large measure on the talents of our employees. The Company's compensation system plays a significant role in our ability to attract, retain and motivate the highest quality workforce. The Board believes that its current compensation program directly links executive compensation to performance, aligning the interests of the Company's executive officers with those of its shareholders.

In accordance with the requirements of Section 14A of the Exchange Act and the related rules of the SEC, we are submitting to shareholders our annual "say-on-pay-proposal," a non-binding advisory vote on the compensation of our NEOs as described in this proxy statement. In order to pass, the proposal must receive the affirmative vote of a majority of the votes that could be cast at the Annual Meeting by the shares of common stock of the Company present in person, electronically or represented by proxy at the Annual Meeting and entitled to vote. If you abstain from voting on the proposal, it will have the same effect as a vote against the proposal.

The Board invites you to review the Compensation Discussion and Analysis beginning on **page 28** and the tabular and other disclosures on compensation under Determination of Executive Compensation beginning on **page 28**, and cast a vote either to endorse or not endorse the Company's executive compensation programs through the following resolution:

"RESOLVED, that the shareholders hereby approve the compensation of the Company's NEOs for fiscal 2025, including the Company's compensation practices and principles and their implementation, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables, and any narrative executive compensation disclosure contained in this proxy statement."

While the vote does not bind the Board to any particular action, the Board values the input of the shareholders and will take into account the outcome of this vote in considering future compensation arrangements.

**OUR BOARD RECOMMENDS THAT
SHAREHOLDERS VOTE "FOR" THE ADVISORY APPROVAL
OF THE COMPENSATION PAID TO OUR NAMED EXECUTIVE OFFICERS FOR FISCAL 2025.**
