

Forward-Looking Statement Disclaimer/Risks and Uncertainties

The statements contained on this website and the various presentations included in this website that are not historical facts are “forward looking statements” within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These forward-looking statements are made subject to certain risks and uncertainties, which could cause actual results to differ materially from those presented. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only to the date such data was posted to the website. The Company undertakes no obligation to publicly revise these forward-looking statements to reflect events or circumstances that arise after the posting of this data to the website. Among the factors that could cause plans, actions and results to differ materially from current expectations are, without limitation: (1) changes to or termination of customer or other third-party contracts, or a customer or other third party default under a contract, (2) a significant reduction in purchases by the Company's customers, including changes in coal consumption patterns of U.S. electric power generators, or changes in the power industry that would affect demand for the Company's coal and other mineral reserves, (3) the ability of the Company to access credit in the current economic environment, or obtain financing at reasonable rates, or at all, and to maintain surety bonds for mine reclamation as a result of current market sentiment for fossil fuels, (4) failure to obtain adequate insurance coverages at reasonable rates, (5) the impact of the COVID-19 pandemic, (6) changes in tax laws or regulatory requirements, including the elimination of, or reduction in, the percentage depletion tax deduction, changes in mining or power plant emission regulations and health, safety or environmental legislation, (7) changes in costs related to geological and geotechnical conditions, repairs and maintenance, new equipment and replacement parts, fuel or other similar items, (8) regulatory actions, changes in mining permit requirements or delays in obtaining mining permits that could affect deliveries to customers, (9) weather conditions, extended power plant outages, liquidity events or other events that would change the level of customers' coal or aggregates requirements, (10) weather or equipment problems that could affect deliveries to customers, (11) failure or delays by the Company's lessees in achieving expected production of natural gas and other hydrocarbons; the availability and cost of transportation and processing services in the areas where the Company's oil and gas reserves are located; federal and state legislative and regulatory initiatives relating to hydraulic fracturing; and the ability of lessees to obtain capital or financing needed for well development operations and leasing and development of oil and gas reserves on federal lands, (12) changes in the costs to reclaim mining areas, (13) costs to pursue and develop new mining and value-added service opportunities, (14) delays or reductions in coal or aggregates deliveries, (15) changes in the prices of hydrocarbons, particularly diesel fuel, natural gas and oil, (16) the ability to successfully evaluate investments and achieve intended financial results in new business and growth initiatives, (17) the effects of investors' and other stakeholders' increasing attention to environmental, social and governance (“ESG”) matters, and (18) disruptions from natural or human causes, including severe weather, accidents, fires, earthquakes and terrorist acts, any of which could result in suspension of operations or harm to people or the environment.
