

## POST-EVENT

### **Expro Celebrates Success at the 2025 Gulf Energy Awards in Houston**

**Houston – 17 October 2025** – Expro, a leading provider of energy services, is proud to announce a win at this year’s Gulf Energy Awards, recognizing the company’s health, safety and environmental technology across the global energy sector.

Among the **8 categories** for which Expro was nominated, the company secured the award for **Best Health, Safety or Environmental Contribution – Upstream** for their VIGILANCE™ Intelligent Safety and Surveillance Solution.

*Expro’s VIGILANCE™ safety surveillance technology tracks equipment as well as personnel movement through a unified, real-time system with 10-centimeter accuracy, and thereby addresses one of the industry’s main key performance indicators for enhancing safety for rig floor personnel, particularly for those working in close vicinity of multiple pieces of moving equipment, or the “red zone.”*

*“These awards are a testament to the exceptional creativity, technical expertise, and dedication of our global teams,”* said Jeremy Angelle, Vice President of Well Construction.

*“We’re continuously driving innovation to help our customers deliver safer, more efficient, and more sustainable operations across the energy value chain.”*

With over 500 entries to contend with, Expro was nominated in **8 categories** covering 10 different technologies this year, underscoring the breadth of its innovation and leadership across upstream, midstream, and production technologies:

- **Best Completions Technology** – *Hands Free Completion Running System*
- **Best Controls, Instrumentation, Automation Technology (Midstream)** – *Velonix™*
- **Best Deepwater Technology** – *Blackhawk® Gen III Top-Drive Cement Head*
- **Best Drilling Technology** – *Gen-X Quintuple Wireless Cement Head w/ Skyhook*
- **Best Digital Transformation (Upstream)** – *CENTRI-FI™ Consolidated Controls Solution*
- **Best Exploration Technology** – *ELITE Composition™*

- **Best Health, Safety or Environmental Contribution (Upstream)** – *VIGILANCE™ Intelligent Safety and Surveillance Solution, Smart Catwalk Safety and Surveillance Solution, and Spring ARK Anti-Rotation Key*
- **Best Production Technology** – *QPulse™*

*“Being recognized across such a wide range of categories demonstrates our ongoing commitment to innovation and excellence,”* added Mr Angelle, *“These achievements reflect the hard work of our people and our shared goal of supporting a lower-carbon future for our industry.”*

The prestigious **Gulf Energy Awards**, held annually in Houston, celebrate outstanding contributions to the energy sector, honoring companies and technologies that are shaping the industry’s future through innovation, efficiency, and sustainability.

## **ENDS**

### **Notes to Editors**

Working for clients across the well life cycle, Expro is a leading provider of energy services, offering cost-effective, innovative solutions and what Expro considers to be best-in-class safety and service quality. Expro’s extensive portfolio of capabilities spans well construction, well flow management, subsea well access, and well intervention and integrity solutions.

With roots dating to 1938, Expro has approximately 8,500 employees and provides services and solutions to leading exploration and production companies in both onshore and offshore environments in more than 50 countries.

### **SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS**

This press release, and oral statements made from time to time by representatives of the Company, may contain certain "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements include statements regarding, among other things, the success, safety and efficiency of the Company’s well construction technologies, and future growth, and are indicated by words or phrases such as "anticipate," "outlook," "estimate," "expect," "project," "believe," "envision," "goal," "target," "can," "will," and similar words or phrases. These forward-looking statements involve known and unknown risks, uncertainties and other factors

which may cause actual results, performance or achievements to be materially different from the future results, performance or achievements expressed in or implied by such forward-looking statements. Forward-looking statements are based largely on the Company's expectations and judgments and are subject to certain risks and uncertainties, many of which are unforeseeable and beyond our control. The factors that could cause actual results, performance or achievements to materially differ include, among others the risk factors identified in the Company's Annual Report on Form 10-K, Form 10-Q and Form 8-K reports filed with the Securities and Exchange Commission. The Company undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, historical practice, or otherwise.
